BROADLEAF CAPITAL PARTNERS, INC. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements
September 30, 2004 and December 31, 2003

NOTE 1 - BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted in accordance with such rules and regulations. The information furnished in the interim condensed consolidated financial statements include normal recurring adjustments and reflects all adjustments, which, in the opinion of management, are necessary for a fair presentation of such financial statements. Although management believes the disclosures and information presented are adequate to make the information not misleading, it is suggested that these interim condensed financial statements be read in conjunction with the Company's most recent consolidated audited financial statements and notes thereto included in its December 31, 2003 Annual Report on Form 10-KSB. Operating results for the three and nine months ended September 30, 2004 are not necessarily indicative of the results that may be expected for the year ending December 31, 2004.

NOTE 2 - GOING CONCERN

As reported in the consolidated financial statements, the Company has an accumulated deficit of approximately \$16,100,000 as of September 30, 2004. The Company also has certain debts that are in default at September 30, 2004. The Company's stockholders' deficit at September 30, 2004 was approximately \$2,100,000, and its current liabilities exceeded its current assets by approximately \$2,190,000.

These factors create uncertainty about the Company's ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital it could be forced to cease operations.

In order to continue as a going concern, develop and generate revenues and achieve a profitable level of operations, the Company will need, among other things, additional capital resources. Management's plans to obtain such

resources for the Company include (1) raising additional capital through sales of common stock, (2) converting promissory notes into common stock and (3) entering into acquisition agreements with profitable entities with significant operations. In addition, management is continually seeking to streamline its operations and expand the business through a variety of industries, including real estate and financial management. However, management cannot provide any assurances that the Company will be successful in accomplishing any of its plans. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 3 - Significant Events

On May 11, 2004, the Company issued 6,415,932 shares of common stock to two unrelated parties upon conversion of promissory notes.

ITEM 2. MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following is a discussion of certain factors affecting Registrant's results of operations, liquidity and capital resources. You should read the following discussion and analysis in conjunction with the Registrant's consolidated financial statements and related notes that are included herein under Item 1 above.

CAUTIONARY STATEMENTS FOR PURPOSES OF THE SAFE HARBOR PROVISIONS OF THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995.

The statements contained in the section captioned Management's Discussion and Analysis of Financial Condition and Results of Operations which are historical are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements represent the Registrant's present expectations or beliefs concerning future events. The Registrant cautions that such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Registrant to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among other things, the uncertainty as to the Registrant's future profitability; the uncertainty as to the demand for Registrant's services; increasing competition in the markets that Registrant conducts business; the Registrant's ability to hire, train and retain sufficient qualified personnel; the Registrant's ability to obtain financing on acceptable terms to finance its growth strategy; and the Registrant's ability to develop and implement operational and financial systems to manage its growth.

MANAGEMENT DISCUSSION

Broadleaf Capital Partners, Inc. (Company) is a venture capital fund and plans to continue as a Business Development Corporation (BDC) under the 1940 Act. The Company makes direct investments in and provides management services to businesses that have at least a one-year operating history, the original founding management, and operating in niche or under-served markets. The Company intends to expand on its investment strategy and portfolio through the internal development of its present operations and other business opportunities, as well as the acquisition of additional business ventures. The Company has in the past, and may again in the future, raise capital specifically for the purpose of maintaining operations and making an investment that the Company believes is attractive.

ANALYSIS OF FINANCIAL CONDITION

The third quarter of 2004 marked the continuance of assessing and consolidating the Company's previous investments and operations.

Results of Operations - Three months ended September 30, 2004, compared to the three months ended September 30, 2003.

Revenues. There were no revenues for the three months ended September 30, 2004, and 2003. The lack of revenues was primarily due to the absence of development income.

Operating Expenses. Expenses for the three months ended September 30, 2004 decreased by \$97,623 or 46.08% to \$114,218 from \$211,841 for the three months ended September 30, 2003. General and administrative expenses for the three months ended September 30, 2004 decreased by \$86,907 or 43.21% to \$114,218 from \$201,125. This decrease was primarily due to an operational expense decrease.

Changes in Financial Condition, Liquidity and Capital Resource.

For the three months ended September 30, 2004 the Company funded its operations and capital requirements partially with its own working capital and partially with proceeds from stock offerings. As of September 30, 2004, the Company had cash of \$15,528.

Forward-Looking Statements

This Form 10-QSB includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements, other than statements of historical facts, included or incorporated by reference in this Form 10-QSB which address activities, events or developments which the Company expects or anticipates will or may occur in the future, including such things as future capital expenditures (including the amount and nature thereof), finding suitable merger or acquisition candidates, expansion and growth of the Company's business and operations, and other such matters are forward-looking statements.

These statements are based on certain assumptions and analyses made by the Company in light of its experience and its perception of historical trends, current conditions and expected future developments as well as other factors it believes are appropriate in the circumstances. However, whether actual results or developments will conform with the Company's expectations and predictions is subject to a number of risks and uncertainties, general economic market and business conditions; the business opportunities (or lack thereof) that may be presented to and pursued by the Company; changes in laws or regulation; and other factors, most of which are beyond the control of the Company.

This Form 10-QSB contains statements that constitute "forward-looking statements." These forward-looking statements can be identified by the use of predictive, future-tense or forward-looking terminology, such as "believes," "anticipates," "expects," "estimates," "plans," "may," "will," or similar terms. These statements appear in a number of places in this Registration and include statements regarding the intent, belief or current expectations of the Company, its directors or its officers with respect to, among other things: (i) trends affecting the Company's financial condition or results of operations for its limited history; (ii) the Company's business and growth strategies; (iii) the Internet and Internet commerce; and, (iv) the Company's financing plans. Investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve significant risks and uncertainties, and that actual results may differ materially from those projected in the forward-looking statements as a result of various factors. Factors that could adversely affect actual results and performance include, among others, the Company's limited operating history, dependence on continued growth in the use of the Internet, the Company's inexperience with the Internet, potential fluctuations in quarterly operating results and expenses, security risks of transmitting information over the Internet, government regulation, technological change and competition.

Consequently, all of the forward-looking statements made in this Form 10-QSB are qualified by these cautionary statements and there can be no assurance that the actual results or developments anticipated by the Company will be realized or, even if substantially realized, that they will have the expected consequence to or effects on the Company or its business or operations. The Company assumes no obligations to update any such forward-looking statements.

ITEM 3. CONTROLS AND PROCEDURES

As of September 30, 2004, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and President, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Rule 13a-14 of the Securities Exchange Act of 1934. Based upon that evaluation, these principal executive officers and principal financial officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company, including its consolidated subsidiaries, required to be included in the Company's periodic SEC filings. There have been no significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation.

ITEM 1. LEGAL PROCEEDINGS

References made to a previous disclosure on the 10-KSB for December 31, 2003. There has been one material development in the previously disclosed legal proceedings, which follows:

On March 26, 2004, the Company was notified of a judgment obtained against it in an Illinois District Court in the amount of \$14,558, including accrued interest and of the domestication of the judgment in Utah. Shortly thereafter, the Company was notified of a Writ of Execution in Utah. In May 2004, the Company fully satisfied this judgment via a cash payment of \$14,558.

ITEM 6. EXHIBITS AND REPORTS ON FORM 8-K: NONE

(a) Exhibits:

- Exhibit 15 Letter on Unaudited Interim Financial Information.
- Exhibit 31.1 Certification Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 of the Chief Executive Officer.
