CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2003 AND DECEMBER 31, 2002

INDEPENDENT ACCOUNTANT'S REPORT

To the Board of Directors
Broadleaf Capital Partners, Inc. and Subsidiaries
Las Vegas, NV

We have reviewed the accompanying consolidated balance sheet of Broadleaf Capital Partners, Inc. and Subsidiaries as of June 30, 2003, including the consolidated schedules of investments as of June 30, 2003, and the related consolidated statements of operations for the three and six month periods ended June 30, 2003 and 2002, and the related statements of cash flows for the six months ended June 30, 2003 and 2002. These consolidated financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying consolidated financial statements referred to above for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the consolidated balance sheets of Broadleaf Capital Partners, Inc. and Subsidiaries as of as of December 31, 2002 and 2001, including the consolidated schedules of investments as of December 31, 2002 and 2001, and the related consolidated statements of operations, changes in shareholders' equity, and cash flows for the years ended December 31, 2002, 2001, and 2000 (not presented herein); and in our report dated April 14, 2003, we expressed an unqualified opinion on those consolidated financial statements.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, the Company has a significant deficit in working capital, has a deficit in stockholders' equity and has suffered recurring losses to date, which raises substantial doubt about its ability to continue as a going concern. Management's plans with regard to these matters are also described in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

BROADLEAF CAPITAL PARTNERS, INC. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements
June 30, 2003 and December 31, 2002

NOTE 1 - BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying unaudited consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted in accordance with such rules and regulations. The information furnished in the interim consolidated financial statements include normal recurring adjustments and reflects all adjustments, which, in the opinion of management, are necessary for a fair presentation of such financial statements. Although management believes the disclosures and information presented are adequate to make the information not misleading, it is suggested that these interim financial statements be read in conjunction with the Company's most recent consolidated audited financial statements and notes thereto included in its December 31, 2002 Annual Report on Form 10-KSB. Operating results for the three and six months ended June 30, 2003 are not necessarily indicative of the results that may be expected for the year ending December 31, 2003.

NOTE 2 - GOING CONCERN

As reported in the consolidated financial statements, the Company has an accumulated deficit of approximately \$16,670,000 as of June 30, 2003. The Company also has certain debts that are in default at June 30, 2003. The Company's stockholders' deficit at June 30, 2003 was \$3,657,782, and its current liabilities exceeded its current assets by \$3,844,011.

These factors create uncertainty about the Company's ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital it could be forced to cease operations.

In order to continue as a going concern, develop and generate revenues and achieve a profitable level of operations, the Company will need, among other things, additional capital resources. Management's plans to obtain such resources for the Company include (1) raising additional capital through sales of common stock, (2) converting promissory notes into common stock and (3) entering into acquisition, joint-venture, and other agreements with profitable entities with significant operations. In addition, management is continually seeking to streamline its operations and expand the business through a variety of industries, including real estate and financial management. However, management cannot provide any assurances that the Company will be successful in accomplishing any of its plans. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 3 - MATERIAL EVENTS

Partial Sale of Investment: On May 26, 2003 the Company entered into a Memorandum of Understanding with an individual whereby the Company would organize a new subsidiary ("Sub") and sell a 21% interest in Sub to the individual for \$200,000. Immediately following the consummation of the transaction, the Company would transfer the control of its Canyon Shadows, LP. ("Canyon") investment to Sub. Thereafter, the individual would be entitled to 21% of the quarterly cash distributions coming from Canyon, or \$5,000, whichever is greater. After twenty-four months, the individual has the option to sell her interest back to the Company for \$200,000.

Stock Issuances: During the six months ended June 30, 2003, the Company issued 5,000,000 shares of its restricted common stock for cash at \$0.02 per share. In addition, the Company issued 4,266,692 shares of its restricted common stock upon the conversion of debentures and other debt at various prices per share, and issued 500,000 shares for services rendered at \$0.07 per share.

NOTE 4 - RECLASSIFICATION OF PRIOR PERIOD DATA

During the six-months ended June 30, 2002, the Company recorded a gain on forgiveness of debt totaling \$1,184,752. Later in the 2002 fiscal year the Company was unable to meet the terms of its debt settlement agreements, and defaulted on the agreements. Consequently, at December 31, 2002, the gain on

forgiveness of debt was reversed, and the debt was again recorded in the financial statements at its original value.

In the June 30, 2003 financial statements the June 30, 2002, gain on forgiveness of debt is not shown. Rather, the June 30, 2002 statement of operations has been restated as if the gain on forgiveness of debt never occurred.

In addition, the Company has elected to present the assets and liabilities from discontinued operations as a single line item, entitled "Net liabilities in excess of the assets of discontinued operations." In the current period, for purposes of clarity, the Company has segregated the assets and liabilities of discontinued operations into two separate line items. Assets relating to discontinued operations have been listed in the "Other Assets" section of the balance sheet, while the corresponding liabilities relating to discontinued operations appear in the "Current Liabilities" section. All prior period references to assets and/or liabilities from discontinued operations have also been similarly segregated.

ITEM 2. MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following is a discussion of certain factors affecting Registrant's results of operations, liquidity and capital resources. You should read the following discussion and analysis in conjunction with the Registrant's consolidated financial statements and related notes that are included herein under Item 1 above.

These forward-looking statements represent the Registrant's present expectations or beliefs concerning future events. The Registrant cautions that such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Registrant to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among other things, the uncertainty as to the Registrant's future profitability; the uncertainty as to the demand for Registrant's services; increasing competition in the markets that Registrant conducts business; the Registrant's ability to hire, train and retain sufficient qualified personnel; the Registrant's ability to obtain financing on acceptable terms to finance its growth strategy; and the Registrant's ability to develop and implement operational and financial systems to manage its growth.

MANAGEMENT DISCUSSION

Broadleaf Capital Partners, Inc. (Company) is a venture capital fund and plans to continue as a Business Development Corporation (BDC) under the 1940 Act. The Company makes direct investments in and provides management services to businesses that have at least a one-year operating history, the original founding management, and operating in niche or under-served markets. The Company intends to expand on its investment strategy and portfolio through the internal development of its present operations and other business opportunities, as well as the acquisition of additional business ventures. The Company has in the past, and may again in the future, raise capital specifically for the purpose of maintaining operations and making an investment that the Company believes is attractive.

ANALYSIS OF FINANCIAL CONDITION

The first quarter of 2003 marked the continuance of assessing and consolidating the Company's previous investments and operations.

Results of Operations - Six months ended June 30, 2003, compared to the six months ended June 30, 2002.

Revenues. Revenues for the six months ended June 30, 2003 decreased by \$4,332 or 70% to \$1,900 from \$6,232 for the six months ended June 30, 2002. This decrease was primarily due to the absence of development income.

Operating Expenses. Expenses for the six months ended June 30, 2003 decreased by \$48,800 or 16% to \$254,699 from \$303,499 for the six months ended June 30, 2002. General and administrative expenses for the six months ended June 30, 2003 decreased by \$45,670 or 16% to \$240,549 from \$286,219. This decrease was primarily due to a reduction in operations.

Changes in Financial Condition, Liquidity and Capital Resource.

For the six months ended June 30, 2003, the Company funded its operations and capital requirements partially with its own working capital and partially with proceeds from stock offerings. As of June 30, 2003, the Company had cash of \$135,524.

Forward-Looking Statements

This Form 10-QSB includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements, other than statements of historical facts, included or incorporated by reference in this Form 10-QSB which address activities, events or developments which the Company expects or anticipates will or may occur in the future, including such things as future capital expenditures (including the amount and nature thereof), finding suitable merger or acquisition candidates, expansion and growth of the Company's business and operations, and other such matters are forward-looking statements.

These statements are based on certain assumptions and analyses made by the Company in light of its experience and its perception of historical trends, current conditions and expected future developments as well as other factors it believes are appropriate in the circumstances. However, whether actual results or developments will conform with the Company's expectations and predictions is subject to a number of risks and uncertainties, general economic market and business conditions; the business opportunities (or lack thereof) that may be presented to and pursued by the Company; changes in laws or regulation; and other factors, most of which are beyond the control of the Company.

This Form 10-QSB contains statements that constitute "forward-looking statements." These forward-looking statements can be identified by the use of predictive, future-tense or forward-looking terminology, such as "believes," "anticipates," "expects," "estimates," "plans," "may," "will," or similar terms. These statements appear in a number of places in this Registration and include statements regarding the intent, belief or current expectations of the Company, its directors or its officers with respect to, among other things: (i) trends affecting the Company's financial condition or results of operations for its limited history; (ii) the Company's business and growth strategies; (iii) the Internet and Internet commerce; and, (iv) the Company's financing plans. Investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve significant risks and uncertainties, and that actual results may differ materially from those projected in the forward-looking statements as a result of various factors. Factors that could adversely affect actual results and performance include, among others, the Company's limited operating history, dependence on continued growth in the use of the Internet, the Company's inexperience with the Internet, potential fluctuations in quarterly operating results and expenses, security risks of transmitting information over the Internet, government regulation, technological change and competition.

Consequently, all of the forward-looking statements made in this Form 10-QSB are qualified by these cautionary statements and there can be no assurance that the actual results or developments anticipated by the Company will be realized or, even if substantially realized, that they will have the expected consequence to or effects on the Company or its business or operations. The Company assumes no obligations to update any such forward-looking statements.

ITEM 3. CONTROLS AND PROCEDURES

Within 90 days prior to the date of filing of this report, we carried out an evaluation, under the supervision and with the participation of our management, including the Chief Executive Officer and the Chief Financial Officer), of the design and operation of our disclosure controls and procedures. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective for gathering, analyzing and disclosing the information we are required to disclose in the reports we file under the Securities Exchange Act of 1934, within the time periods specified in the SEC's rules and forms. There have been no significant changes in our internal controls or in other factors that could significantly affect internal controls subsequent to the date of this evaluation.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Unresolved legal issues are:

City of San Jacinto - Involves the delinquency of payments of the property and Mello Roos taxes on 105 parcels of real property owned by PR Equities, where Peacock Financial Corporation is the General Partner. The properties were encumbered with taxes and the Company determined the properties were not a viable investment and the properties were foreclosed on for the tax liability.

Bank of Hemet - This case involved a loan to PR Equities, with Peacock Financial Corporation as the General Partner. The loan went into default and an abstract of judgment had been filed for nearly \$1,000,000. In December 2001, the firm, Jaeger & Kodner, LLC, purchased the bank's position.

First Miracle Group - A legal judgment was rendered against the company in the amount of \$100,000 in relation to Dotcom Ventures, LLC. Negotiations are ongoing to settle for a lesser amount.

Steven Slagter - The case involved an action brought against PR Equities, with Peacock Financial Corporation as the General Partner. It involved the collection of approximately \$900,000 on a promissory note. There was a summary judgment for nearly \$1.35 million. The Company is currently in settlement negotiations.

Helen Apostle - This case involved an action for approximately \$90,000 involving a defaulted loan. The Company has been in preliminary settlement negotiations and the case is currently unresolved.

Garrett Martin - Involves an unpaid Consulting agreement wherein a judgment was entered against the Company for \$21,800. The Company is currently in preliminary settlement negotiations for a lesser amount.
