BROADLEAF CAPITAL PARTNERS, INC. AND SUBSIDIARIES  
Notes to the Consolidated Financial Statements  
September 30, 2003 and December 31, 2002

## NOTE 1 - BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted in accordance with such rules and regulations. The information furnished in the interim condensed consolidated financial statements include normal recurring adjustments and reflects all adjustments, which, in the opinion of management, are necessary for a fair presentation of such financial statements. Although management believes the disclosures and information presented are adequate to make the information not misleading, it is suggested that these interim condensed financial statements be read in conjunction with the Company's most recent consolidated audited financial statements and notes thereto included in its December 31, 2002 Annual Report on Form 10-KSB. Operating results for the three and nine months ended September 30, 2003 are not necessarily indicative of the results that may be expected for the year ending December 31, 2003.

## NOTE 2 - GOING CONCERN

As reported in the consolidated financial statements, the Company has an accumulated deficit of approximately \$15,790,000 as of September 30, 2003. The Company also has certain debts that are in default at September 30, 2003. The Company's stockholders' deficit at September 30, 2003 was \$2,038,312, and its current liabilities exceeded its current assets by \$2,270,331.

These factors create uncertainty about the Company's ability to continue as a going concern. The ability of the Company to continue as a going concern

is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, develop and generate revenues and achieve a profitable level of operations, the Company will need, among other things, additional capital resources. Management's plans to obtain such resources for the Company include (1) raising additional capital through sales of common stock, (2) converting promissory notes into common stock and (3) entering into acquisition agreements with profitable entities with significant operations. In addition, management is continually seeking to streamline its operations and expand the business through a variety of industries, including real estate and financial management. However, management cannot provide any assurances that the Company will be successful in accomplishing any of its plans. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

#### NOTE 3 - MATERIAL EVENTS

##### Minority Interest

On May 26, 2003 the Company entered into a Memorandum of Understanding with an individual whereby the Company would organize a new subsidiary and sell a 21% interest to the individual for \$200,000. Immediately following the signing, the Company would transfer the control of the Canyon Shadows LP to the new corporation. Thereafter, the individual would be entitled to 21% of the quarterly distributions from Canyon Shadows LP or \$5,000 whichever is greater. After twenty-four months the individual has the option to sell her interest back to the Company for \$200,000. As of September 30, 2003, the Company has not yet formed the subsidiary entity, but has been making cash payments to the individual totaling 21% of the Company's monthly distribution from the Canyon Shadows investment.

##### Stock Issuances

During the period ended September 30, 2003, the Company issued 5,000,000 shares of common stock at \$0.01 per share for prepaid consulting services, 500,000 shares for consulting services rendered at \$0.007 per share, 1,000,000 shares for certain administrative services (500,000 for prepaid services, and 500,000 for services rendered) at \$0.012 per share, 9,435,680 shares at market value per share as payment of accrued officer wages, and 20,000,000 shares at market value per share in settlement of debt. The Company issued an additional 4,240,000 shares at market value per share in order to settle certain outstanding debts, 4,550,000 shares at \$0.005 per share for subscriptions receivable, and 6,959,000 shares at prices ranging from \$0.01 to \$0.30 per share in conversion of debentures and the related debts. Further, the Company collected \$10,000 for 5,000,000 shares of stock, which have yet to be issued (see Note 5).

##### Major Settlement of Debt

On September 17, 2003, the Company signed a Revised and Restated Settlement Agreement and Mutual General Release with Mr. Steven Slagter, one of the Company's significant creditors, whereby the Company issued 20,000,000 shares of unregistered, restricted, rule 144 common stock to Mr. Slagter, in exchange for Mr. Slagter's stipulation to forgive debts payable to him from the Company totaling \$1,432,086. The Company recorded a gain on settlement of debt of \$1,032,086 on this transaction. As a stipulation of this Settlement Agreement, the Company also issued 9,435,680 shares of common stock to its president, Robert Braner, as payment of accrued wages through June 30, 2003.

#### NOTE 4 - SUBSEQUENT EVENT

On October 27, 2003, the Company agreed to terms on a Settlement Agreement and Release with San Diego Soccer Development Corporation ("SDSDC") whereby SDSDC agreed to pay the Company \$125,000 in cash, 100,000 shares of SDSDC common stock, and warrants to purchase an additional 100,000 shares of SDSDC common stock at \$1.00 per share. As of September 30, 2003, SDSDC owes the Company \$855,145 in loan principal and interest.

#### NOTE 5 - STOCK SUBSCRIPTIONS PAYABLE

In April and May 2003, the Company received \$10,000 in cash from an unrelated investor as consideration for 5,000,000 shares of common stock. The Board approved the issuances of the shares, and the Company reflected the transaction as stock for cash. However, subsequent to June 30, 2003, the investor and the Company recommenced negotiations as to whether or not the investor wishes to receive stock for this investment, or rather, to have it accounted for as an interest-bearing note. Until such time that the parties come to an agreement with respect to these funds, the \$10,000 will be classified as a stock subscription payable.

## MANAGEMENT DISCUSSION

Broadleaf Capital Partners, Inc. (Company) is a venture capital fund and plans to continue as a Business Development Corporation (BDC) under the 1940 Act. The Company makes direct investments in and provides management services to businesses that have at least a one-year operating history, the original founding management, and operating in niche or under-served markets. The Company intends to expand on its investment strategy and portfolio through the internal development of its present operations and other business opportunities, as well as the acquisition of additional business ventures. The Company has in the past, and may again in the future, raise capital specifically for the purpose of maintaining operations and making an investment that the Company believes is attractive.

## ANALYSIS OF FINANCIAL CONDITION

The third quarter of 2003 marked the continuance of assessing and consolidating the Company's previous investments and operations.

Results of Operations - Nine months ended September 30, 2003, compared to the nine months ended September 30, 2002.

Revenues. Revenues for the nine months ended September 30, 2003 decreased by \$6,232 or 77% to \$1,900 from \$8,132 for the nine months ended September 30, 2002. This decrease was primarily due to the absence of development income.

Operating Expenses. Expenses for the nine months ended September 30, 2003 decreased by \$108,279 or 21% to \$415,330 from \$523,609 for the nine months ended September 30, 2002. General and administrative expenses for the nine months ended September 30, 2003 decreased by \$90,623 or 18% to \$401,066 from \$491,689. This decrease was primarily due to a reduction in operations.

Changes in Financial Condition, Liquidity and Capital Resource.

For the nine months ended September 30, 2003 the Company funded its operations and capital requirements partially with its own working capital and partially with proceeds from stock offerings. As of September 30, 2003, the Company had cash of \$4,348.

## Forward-Looking Statements

This Form 10-QSB includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements, other than statements of historical facts, included or incorporated by reference in this Form 10-QSB which address activities, events or developments which the Company expects or anticipates will or may occur in the future, including such things as future capital expenditures (including the amount and nature thereof), finding suitable merger or acquisition candidates, expansion and growth of the Company's business and operations, and other such matters are forward-looking statements.

These statements are based on certain assumptions and analyses made by the Company in light of its experience and its perception of historical trends,

current conditions and expected future developments as well as other factors it believes are appropriate in the circumstances. However, whether actual results or developments will conform with the Company's expectations and predictions is subject to a number of risks and uncertainties, general economic market and business conditions; the business opportunities (or lack thereof) that may be presented to and pursued by the Company; changes in laws or regulation; and other factors, most of which are beyond the control of the Company.

This Form 10-QSB contains statements that constitute "forward-looking statements." These forward-looking statements can be identified by the use of predictive, future-tense or forward-looking terminology, such as "believes," "anticipates," "expects," "estimates," "plans," "may," "will," or similar terms. These statements appear in a number of places in this Registration and include statements regarding the intent, belief or current expectations of the Company, its directors or its officers with respect to, among other things: (i) trends affecting the Company's financial condition or results of operations for its limited history; (ii) the Company's business and growth strategies; (iii) the Internet and Internet commerce; and, (iv) the Company's financing plans. Investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve significant risks and uncertainties, and that actual results may differ materially from those projected in the forward-looking statements as a result of various factors. Factors that could adversely affect actual results and performance include, among others, the Company's limited operating history, dependence on continued growth in the use of the Internet, the Company's inexperience with the Internet, potential fluctuations in quarterly operating results and expenses, security risks of transmitting information over the Internet, government regulation, technological change and competition.

Consequently, all of the forward-looking statements made in this Form 10-QSB are qualified by these cautionary statements and there can be no assurance that the actual results or developments anticipated by the Company will be realized or, even if substantially realized, that they will have the expected consequence to or effects on the Company or its business or operations. The Company assumes no obligations to update any such forward-looking statements.

#### ITEM 3. CONTROLS AND PROCEDURES

As of September 30, 2003, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and President, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Rule 13a-14 of the Securities Exchange Act of 1934. Based upon that evaluation, these principal executive officers and principal financial officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company, including its consolidated subsidiaries, required to be included in the Company's periodic SEC filings. There have been no significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation.
