ABOUT RED CAT HOLDINGS, INC.

Overview

The Company was originally incorporated under the laws of the State of Colorado in 1984 under the name Oravest International, Inc. In November 2016, we changed our name to TimefireVR, Inc. and re-incorporated in Nevada. In May 2019, the Company completed a share exchange agreement with Propware which resulted in the Propware shareholders acquiring an 83% ownership interest, and management control, of the Company. In connection with the share exchange agreement, we changed our name to Red Cat Holdings, Inc. (“Red Cat” or the “Company” or “we”) and our operating focus to the drone industry.

Prior to the share exchange agreement, Propware was focused on the research and development of software solutions that could provide secure cloud-based analytics, storage and services for the drone industry. Following the share exchange agreement and its name change, Red Cat has completed a series of acquisitions and financings which have broadened the scope of its activities in the drone industry. These acquisitions included:

- In January 2020, we acquired Rotor Riot, a reseller of drones and related parts, primarily to the consumer marketplace through its digital storefront located at www.rotorriot.com. The total purchase price was \$2.0 million.

- In November 2020, the Company acquired Fat Shark which sells consumer electronics products to the first-person view (“FPV”) sector of the drone industry. Fat Shark’s flagship products are headsets with a built-in display (or “goggles”) that allow a pilot to see a real-time video feed from a camera typically mounted on an aerial platform or drone. The total purchase price was \$8.4 million.

- In May 2021, we acquired Skypersonic, a provider of drone products and software solutions that enable drone inspection flights that can be executed by pilots anywhere in the world. Skypersonic powers drones to “Fly Anywhere” and “Inspect the Impossible”. Its patented software and hardware solutions allow for inspection services in restricted spaces where GPS is denied or unavailable. The total purchase price was \$2.8 million.

- In August 2021, the Company acquired Teal, a leader in providing sophisticated and complex unmanned aerial vehicle (“UAV”) technology, primarily drones, to government and commercial enterprises, most notably, the military. Teal manufactures drones approved by the U.S. Department of Defense for reconnaissance, public safety, and inspection applications. The total purchase price was \$10.0 million.

Following the Teal acquisition in August 2021, we concentrated on integrating and organizing these businesses. Effective May 1, 2022, we established the Enterprise segment and the Consumer segment to focus on the unique opportunities in each sector. The Enterprise segment’s initial strategy was to provide UAVs to commercial enterprises, and the military, to navigate dangerous military environments and confined industrial and commercial interior spaces. Subsequently, the segment narrowed its near-term attention on the military and other government agencies. Skypersonic’s technology has been redirected to military applications and its operations consolidated into Teal.

The Enterprise segment’s current business strategy is focused on providing integrated robotic hardware and software for use across a variety of

applications. Its solutions provide critical situational awareness and actionable intelligence to on-the-ground warfighters and battlefield commanders as well as firefighters and public safety officials. Our Enterprise segment's efforts are centered on developing and scaling an American made family of systems. We have since completed construction of a manufacturing facility in Salt Lake City and believe that an increased focus by the United States government and American businesses on purchasing products that are "Made in America" provide our Enterprise segment with a competitive advantage.

On February 16, 2024, we closed the sale of our Consumer segment, consisting of Rotor Riot and Fat Shark, to Unusual Machines, Inc. (or "Unusual Machines" or "UMAC"). The sale reflects our decision to focus our efforts and capital on defense where we believe there are more opportunities to create long term shareholder value.

Key Business Accomplishments during Fiscal 2024 and to date include:

Scaling Teal 2, a military-grade sUAS Designed to "Dominate the Night™"

Following its acquisition by Red Cat in August 2021, Teal accelerated efforts on the development of its next generation drone for our Enterprise segment. These efforts culminated in the launch of the Teal 2 in April 2023. The Teal 2 is the first small, unmanned aircraft system ("sUAS") designed to "Dominate the Night", when most combat operations take place, through its enhanced capabilities. The Teal 2 offers the latest intelligence, surveillance, and reconnaissance ("ISR") technology and delivers time-critical information that enables the warfighter to make faster and smarter decisions.

The Teal 2 is manufactured exclusively at Teal's purpose-built factory in Salt Lake City, Utah. Teal originally moved into the facility in October 2021. In January 2022, Teal doubled the size of the facility, which now totals approximately 22,000 square feet, to fully scale production capacity to meet the forecast growth in demand and to house its expanding team of software and technology engineers. We believe that maximum production capacity for this facility can reach 5,000 or more drones per month over the next few years, provided that additional capital investments are made and manufacturing efficiencies realized. Manufacturing in the United States, "Made in the USA," is a critical consideration of the U.S. government and other state and local government agencies.

4

During Fiscal 2024, Teal continued to scale the manufacturing facility, including dedicated teams for production and assembly, manufacturing engineering, supply chain and logistics, warranty and returns, as well as a flight operations team that is focused on manufacturing and quality assurance and quality control.

Designation of Teal 2 as Blue UAS received from U.S. Department of Defense

In June 2023, the Teal 2 received clearance from the U.S. Department of Defense ("DoD") to be designated as a Blue UAS. The DoD defines these drones as NDAA (National Defense Authorization Act) compliant, validated as cyber secure, and safe to fly. This designation enables Teal to fill orders from federal, state, and local government agencies subject to oversight by the DoD, including those orders that were contingent upon receiving certification. In addition, many governments of allied nations are more likely to purchase Blue UAS approved drones. Teal's legacy drone, the Golden Eagle, is also on the cleared list.

After the U.S. Army banned its forces from using Chinese-made quadcopters due to security risks (the radio controls of the drone are unencrypted and the devices could potentially capture, store and upload sensitive information to the Chinese government), the DoD began developing its own alternatives under a defense program known as Blue sUAS. Blue sUAS is an initiative of the Defense Innovation Unit ("DIU"), the only DoD organization focused on accelerating the adoption of commercial and dual use technology to solve operational challenges at a speed and scale that is faster and higher than normal for government agencies.

Red Cat Futures Initiative

In May 2024, we announced the formation of the Red Cat Futures Initiative (RFI). RFI is an independent, industry-wide consortium of robotics and autonomous systems (RAS) partners dedicated to putting the most advanced and interoperable uncrewed aircraft systems into the hands of warfighters. Anchored by Red Cat's Teal Drones, the RFI unites the world's most innovative UAS hardware and software companies focused on AI/ML, swarming, FPV, command and control, and payloads.

Founding members include Ocean Power Technologies (NYSE: OPTT), Sentien Robotics, Primordial Labs, Athena AI, Unusual Machines, Reach Power, Doodle Labs, and MMS Products. The shared goal is advocacy, integrations and comarketing that bridges considerable technology gaps through modular open architecture.

Government Contracts and Orders

The Enterprise segment is focused on U.S. federal government agencies, particularly the DoD, as its initial target market. Its longer term target customer base includes U.S. state and local government agencies, as well as governments of foreign allies. An overview of existing government contracts and recent developments include:

Finalist for Short Range Reconnaissance Program of Record

In March 2022, Teal was selected by the DoD's DIU and the U.S. Army to compete in the Short Range Reconnaissance Tranche 2 (SRR T2) Program of Record. The rigorous technical requirements and program objectives of SRR T2 dramatically narrowed the field from 37 drone manufacturers down to two vendors. The Army has indicated that Tranche 2 and 3 have been combined and will represent the final tranche of the SRR program.

Teal was selected to develop a next-generation sUAS designed for intelligence, surveillance and reconnaissance (ISR) duties, with a focus on autonomous capability, for the U.S. Army. The ultimate goal of the SRR T2 program is to provide a small, rucksack portable, fully encrypted sUAS that provides all Army infantry platoons (consisting of 20-50 soldiers) with situational awareness beyond the next terrain.

As of May 2024, Teal has completed all milestones in its SRR T2 contract, whose value totaled \$5.7 million. Teal expects the Army to announce vendor selection of a production award by the fourth quarter of calendar 2024.

U.S. Border Patrol

\$1.8 Million Purchase Order from U.S. Border Patrol

In September 2023, Teal was awarded a \$1.8 million contract from U.S. Customs and Border Protection to provide Teal 2 systems to U.S. Border Patrol. The U.S. Border Patrol is using the Teal 2 to provide supplemental airborne reconnaissance, surveillance and tracking capability, enhancing situational awareness for U.S. field commanders and agents.

Customs and Border Protection Contract Worth up to \$90 Million over Five Years

In December 2021, Teal was one of only five contractors designated to participate in a firm, fixed price, multiple award blanket purchase agreement (BPA) by the United States Customs and Border Protection. The BPA has an estimated value of \$90 million in total over a 5-year period.

The Department of Homeland Security agencies can place orders through the BPA for unmanned aircraft systems (UAS). The drones will provide supplemental airborne reconnaissance, surveillance, and tracking capability to enhance situational awareness for field commanders and agents in areas that lack nearby traditional surveillance systems or available manned air support.

U.S. Defense Logistics Agency

In August 2023, Teal received two purchase orders totaling \$5.2 million from the U.S. Defense Logistics Agency (DLA). Both orders were requested by U.S. Air Force Security Forces, whose role is to defend Air Force bases and installations.

The procurements were sourced by global operations support company Noble Supply & Logistics, LLC (NOBLE) as part of the DLA's Special Operational Equipment Tailored Logistics Support ("SOE TLS Program"). NOBLE is a DLA-designated provider for the SOE TLS Program. This 10-year program, capped at \$33 billion, covers the delivery of logistics support to federal agencies, military bases and other DLA customers worldwide, helping them meet their special operational equipment requirements.

NATO Allied Countries

In March 2024, Teal received \$2.5 million in new contract awards with two NATO allied countries. As part of our expanded global sales strategy, the contract delivery featured Teal 2 drone systems, training, and accessories.

Recent Developments

Acquisition from Flightwave Aerospace Systems Corporation; Contracts to Supply the Edge 130 Blue Drone

On September 24, 2024, the Company, Teal, Teal subsidiary FW Acquisition, Inc. entered into an Asset Purchase Agreement (the "APA") with and Flightwave Aerospace Systems Corporation, a Delaware corporation ("Flightwave"). Under the APA, the Company acquired Flightwave's assets used in designing, developing, manufacturing, and selling long range, AI-Powered Unmanned Aerial Vehicles for commercial use. The purchase price under the APA is equal to \$14 million worth of shares of the Company's common stock, payable as follows:

- \$7 million worth of the Company's common stock to be issued on September 30, 2024, at a price per share equal to the VWAP on such date, which was paid to the preferred shareholders of Flightwave as set forth in a schedule to the APA; and

- \$7 million worth of the Company's common stock to be issued on December 31, 2024, at a price per share equal to the VWAP on such date, of which (i) \$2 million will be payable to preferred shareholders of Flightwave, and (ii) \$5 million will be payable to common shareholders and option-holders of Flightwave as set forth in a schedule to the APA.

The acquisition brought the Edge 130, Flightwave's Blue UAS approved military-grade tricopter, into Red Cat's family of low-cost, portable unmanned reconnaissance and precision lethal strike systems. On October 6, 2024, the Company secured \$1.6 million in contracts to supply the Edge 130 Blue drones to the U.S. Customs & Border Protection. On October 15, 2024, the Company secured a \$1 million contract to supply Edge 130 Blue Drones to the United States Army Communications-Electronics Command (CECOM).

Financing with Lind Global Asset Management X LLC

On September 23, 2024, the Company entered into a Securities Purchase Agreement (the "SPA") with Lind Global Asset Management X LLC ("Lind"). Upon closing of the SPA, the Company received \$8 million in funding from Lind in exchange for its issuance to Lind of a Senior Secured

Convertible Promissory Note in the amount of \$9,600,000 (the “Note”) and a Common Stock Purchase Warrant for the purchase of 750,000 shares of the Company’s common stock at a price of \$6.50 per share, exercisable for 5 years (the “Warrant”). As additional consideration to Lind, the Company agreed to pay a commitment fee in the amount of \$280,000, which may be paid by deduction from the funding to be received. The Note, which does not accrue interest, shall be repaid in eighteen (18) consecutive monthly installments in the amount of \$533,334 beginning six months from the issuance date.

Change in Fiscal Year End

On September 21, 2024, the Board of Directors of the Company approved a change to the Company’s fiscal year end from April 30 to December 31 in accordance with Article XIII of the bylaws of the Company that authorize the Board to change the Company’s fiscal year. The Company will file a transition report on Form 10-K for the transition period from May 1, 2024 to December 31, 2024.

Common Stock Issuable Upon: (1) Conversion or Other Payment of Senior Secured Promissory Note issued September 23, 2024; and (2) Exercise of Common Stock Purchase Warrant issued September 23, 2024

On September 23, 2024, we entered into a Securities Purchase Agreement (the “SPA”) with Lind Global Asset Management X LLC (“Lind”). A total of up to 13,550,000 shares of our common stock issuable upon: (i) conversions of the Note and/or payments under the Note made by issuance of common stock, as provided for therein; and (ii) exercises of the Warrant, may be offered hereby in a secondary offering for the account of Lind and/or its successors and assigns. DESCRIPTION OF PREFERRED STOCK

Pursuant to our articles of incorporation, our board of directors has the authority, without further action by the stockholders, to issue up to 10,000,000 shares of preferred stock, in one or more series. Our articles of incorporation, as amended, provide that our Board of Directors has the authority, without further action by the shareholders, to issue shares of preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions granted to or imposed upon the preferred stock. Preferred stock may be designated and issued without authorization of shareholders unless such authorization is required by applicable law, the rules of the principal market or other securities exchange on which our stock is then listed or admitted to trading.

Our Board of Directors may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of common stock. The issuance of preferred stock, while providing flexibility in connection with possible acquisitions and other corporate purposes could, under some circumstances, have the effect of delaying, deferring or preventing a change in control of the Company.

The description of preferred stock in this prospectus and the description of the terms of a particular series of preferred stock in any applicable prospectus supplement are not complete. You should refer to any applicable certificate of designation for complete information.

All shares of preferred stock offered hereby will, when issued, be fully paid and nonassessable, including shares of preferred stock issued upon the exercise of preferred stock warrants or subscription rights, if any.

Series A Convertible Preferred Stock

On May 15, 2019, we closed a Share Exchange Agreement (the “Exchange Agreement”) with Red Cat Propware, Inc., a Nevada corporation (“Red Cat Propware”) and its then current shareholders (the “Acquisition”) pursuant to which we acquired all of the issued and outstanding capital stock of Red Cat Propware in exchange for our issuance of our common stock and Series A Preferred Stock (“Series A Stock”) to the Red Cat Propware shareholders which constituted approximately 83.33% of our issued and outstanding share capital on a fully-diluted basis at such time. With the exception of shares held by our current Chief Executive Officer, Jeffrey Thompson, the convertibility of shares of Series A Stock is limited such that a holder of Series A Stock may not convert Series A Stock to our common stock to the extent that the number of shares of Common Stock to be issued pursuant to such conversion, when aggregated with all other shares of common stock owned by the holder at such time, would result in the holder beneficially owning more than 4.99% of all of our outstanding common stock.

On May 15, 2019, we filed with the Secretary of State of the State of Nevada a Certificate of Designation of Series A Preferred Stock (the “Series A Certificate of Designation”). Pursuant to the Series A Certificate of Designation, the Company designated 2,200,000 shares of its blank check preferred stock as Series A Preferred Stock. Each share of Series A Preferred Stock has no stated value. In the event of a liquidation, dissolution or winding up of the Company, each share of Series A Preferred Stock will not be entitled to a per share preferential payment but will be entitled to participate in any distribution out of the assets of the Company on an equal basis per share with the holders of Common Stock, as if all shares of Series A Preferred Stock had been converted to Common Stock immediately prior to the distribution. Each share of Series A Preferred Stock is convertible at the option of the holder into 8.33 shares of common stock for every one share of Series A Preferred Stock held (the “A Conversion Rate”). The conversion ratio is subject to adjustment in the event of stock splits, stock dividends, combination of shares and similar recapitalization transactions. The Company is prohibited from effecting the conversion of the Series A Preferred Stock to the extent that, as a result of such conversion, the holder beneficially owns more than 4.99%, in the aggregate, which beneficial ownership limitation may be increased by the holder up to, but not exceeding, 9.99% of the issued and outstanding shares of the Company’s Common Stock calculated immediately after giving effect to the issuance of shares of Common Stock upon the conversion of the Series A Preferred Stock (the “Beneficial Ownership Limit”). The Beneficial Ownership Limit is inapplicable to a shareholder who, in advance issuance of Series A Preferred Stock, specifically waives such limitations and our Chief Executive Officer, Jeffrey Thompson, waived such limitations prior to the Red Cat Propware acquisition. Under the Series A Certificate of Designation, no consideration (including any modification of this Certificate of Designation or related transaction document) shall be offered or paid to any person or entity to amend or consent to a waiver or modification of any provision of this Certificate of Designation or related transaction document unless the same consideration is also offered to all of the holders of the outstanding shares of Series A Preferred Stock. There are no longer any shares of Series A Preferred Stock outstanding.

Series B Convertible Preferred Stock

On May 13, 2019, we filed with the Secretary of State of the State of Nevada a Certificate of Designation of Series B Preferred Stock (the “Series B Certificate of Designation”). Pursuant to the Series B Certificate of Designation, the Company designated 4,300,000 shares of its blank check preferred stock as Series B Preferred Stock. Each share of Series B Preferred Stock has no stated value. In the event of a liquidation, dissolution or winding up of the Company, each share of Series B Preferred Stock will not be entitled to a per share preferential payment but will be entitled to participate in any distribution out of the assets of the Company on an equal basis per share with the holders of Common Stock, as if all shares of Series B Preferred Stock had been converted to Common Stock immediately prior to the distribution. Each share of Series B Preferred Stock is convertible at the option of the holder into 0.83 shares of common stock for every one share of Series B Preferred Stock held (the “B Conversion Rate”). The conversion ratio is subject to adjustment in the event of stock splits, stock dividends, combination of shares and similar recapitalization transactions. The Company is prohibited from effecting the conversion of the Series B Preferred Stock to the extent that, as a result of such conversion, the holder beneficially owns more than 4.99%, in the aggregate, which beneficial ownership limitation may be increased by the holder up to, but not exceeding, 9.99% of the issued and outstanding shares of the Company’s Common Stock calculated immediately after giving effect to the issuance of shares of Common Stock upon the conversion of the Series A Preferred Stock (the “Beneficial Ownership Limit”). Under the Series B Certificate of Designation, no consideration (including any modification of this Certificate of Designation or related transaction document) shall be offered or paid to any person or entity to amend or consent to a waiver or modification of any provision of this Certificate of Designation or related transaction document unless the same consideration is also offered to all of the holders of the outstanding shares of Series B Preferred Stock.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of preferred stock or common stock. Warrants may be issued independently or together with any preferred stock or common stock, and may be attached to or separate from any offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between a warrant agent specified in the agreement and us. The warrant agent will act solely as our agent in connection with the warrants of that series and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. This summary of some provisions of the warrants is not complete. You should refer to the warrant agreement, including the forms of warrant certificate representing the warrants, relating to the specific warrants being offered for the complete terms of the warrant agreement and the warrants. The warrant agreement, together with the terms of the warrant certificate and warrants, will be filed with the SEC in connection with the offering of the specific warrants.

The applicable prospectus supplement will describe the following terms, where applicable, of the warrants in respect of which this prospectus is being delivered:

- the title of the warrants;
- the aggregate number of the warrants;
- the price or prices at which the warrants will be issued;
- the designation, amount and terms of the offered securities purchasable upon exercise of the warrants;
- if applicable, the date on and after which the warrants and the offered securities purchasable upon exercise of the warrants will be separately transferable;
- the terms of the securities purchasable upon exercise of such warrants and the procedures and conditions relating to the exercise of such warrants;
- any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;

11

- the price or prices at which and currency or currencies in which the offered securities purchasable upon exercise of the warrants may be purchased;
- the date on which the right to exercise the warrants shall commence and the date on which the right shall expire;
- the minimum or maximum amount of the warrants that may be exercised at any one time;
- information with respect to book-entry procedures, if any;
- if appropriate, a discussion of Federal income tax consequences; and
- any other material terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

Warrants for the purchase of common stock or preferred stock will be offered and exercisable for U.S. dollars only. Warrants will be issued in registered form only.

Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or

any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, forward the purchased securities. If less than all of the warrants represented by the warrant certificate are exercised, a new warrant certificate will be issued for the remaining warrants.

Prior to the exercise of any warrants to purchase preferred stock or common stock, holders of the warrants will not have any of the rights of holders of the common stock or preferred stock purchasable upon exercise, including in the case of warrants for the purchase of common stock or preferred stock, the right to vote or to receive any payments of dividends on the preferred stock or common stock purchasable upon exercise.

DESCRIPTION OF UNITS

As specified in the applicable prospectus supplement, we may issue units consisting of shares of common stock, shares of preferred stock or warrants or any combination of such securities.

The applicable prospectus supplement will specify the following terms of any units in respect of which this prospectus is being delivered:

- the terms of the units and of any of the common stock, preferred stock and warrants comprising the units, including whether and under what circumstances the securities comprising the units may be traded separately;
- a description of the terms of any unit agreement governing the units; and
- a description of the provisions for the payment, settlement, transfer or exchange of the units.

SELLING STOCKHOLDERS

The selling stockholders, including their transferees, pledgees, donees or their respective successors may from time to time offer and sell, pursuant to this prospectus and the applicable prospectus supplement, up to an aggregate of 13,550,000 shares of common stock issuable upon: (1) conversion or other payment of the Senior Secured Promissory Note issued September 23, 2024; and (2) exercise of the Common Stock Purchase Warrant issued September 23, 2024.

12

If any selling stockholder offers and sells shares of common stock pursuant to this prospectus, then we will provide you with a prospectus supplement filed pursuant to Securities Act Rule 424(b)(7), as permitted by Rule 430B(b)(2), which will set forth the name of each selling stockholder, the number of shares of common stock beneficially owned by such selling stockholder and the number of the shares of common stock such selling stockholder is offering. The prospectus supplement also will disclose whether any of the selling stockholders have held any position or office with, have been employed by or otherwise have had a material relationship with us during the three years prior to the date of the prospectus supplement.

PLAN OF DISTRIBUTION

We or the selling stockholders may sell the securities offered through this prospectus (i) to or through underwriters or dealers, (ii) directly to purchasers, including our affiliates, (iii) through agents, or (iv) through a combination of any these methods. The securities may be distributed at a fixed price or prices, which may be changed, market prices prevailing at the time of sale, prices related to the prevailing market prices, or negotiated prices. The prospectus supplement will include the following information:

- the terms of the offering;
- the names of any underwriters or agents;
- the names of and number of shares of our common stock being sold by the selling stockholders;
- the name or names of any managing underwriter or underwriters;
- the purchase price of the securities;
- any over-allotment options under which underwriters may purchase additional securities from us;
- the net proceeds from the sale of the securities;
- any delayed delivery arrangements;
- any underwriting discounts, commissions and other items constituting underwriters' compensation;
- any initial public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers;
- any commissions paid to agents; and
- any securities exchange or market on which the securities may be listed.

Sale Through Underwriters or Dealers

Only underwriters named in the prospectus supplement are underwriters of the securities offered by the prospectus supplement.

13

If underwriters are used in the sale, the underwriters will acquire the securities for their own account, including through underwriting, purchase, security lending or repurchase agreements with us. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions. Underwriters may sell the securities in order to facilitate transactions in any of our other securities (described in this prospectus or otherwise), including other public or private transactions and short sales. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless otherwise indicated in the prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

If dealers are used in the sale of securities offered through this prospectus, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. The prospectus supplement will include the names of the dealers and the terms of the transaction.

Direct Sales and Sales Through Agents

We or a selling stockholder may sell the securities offered through this prospectus directly. In this case, no underwriters or agents would be involved. Such securities may also be sold through agents designated from time to time. The prospectus supplement will name any agent involved in the offer or sale of the offered securities and will describe any commissions payable to the agent. Unless otherwise indicated in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We or a selling stockholder may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities. The terms of any such sales will be described in the prospectus supplement.

Delayed Delivery Contracts

If the prospectus supplement indicates, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase securities at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The applicable prospectus supplement will describe the commission payable for solicitation of those contracts.

Continuous Offering Program

Without limiting the generality of the foregoing, we may enter into a continuous offering program equity distribution agreement with a broker-dealer, under which we may offer and sell shares of our common stock from time to time through a broker-dealer as our sales agent. If we enter into such a program, sales of the shares of common stock, if any, will be made by means of ordinary brokers' transactions on the Nasdaq Capital Market or other market on which are shares may then trade at market prices, block transactions and such other transactions as agreed upon by us and the broker-dealer. Under the terms of such a program, we also may sell shares of common stock to the broker-dealer, as principal for its own account at a price agreed upon at the time of sale. If we sell shares of common stock to such broker-dealer as principal, we will enter into a separate terms agreement with such broker-dealer, and we will describe this agreement in a separate prospectus supplement or pricing supplement.

14

Market Making, Stabilization and Other Transactions

Unless the applicable prospectus supplement states otherwise, other than our common stock, all securities we offer under this prospectus will be a new issue and will have no established trading market. We may elect to list offered securities on an exchange or in the over-the-counter market. Any underwriters that we use in the sale of offered securities may make a market in such securities, but may discontinue such market making at any time without notice. Therefore, we cannot assure you that the securities will have a liquid trading market.

Any underwriter may also engage in stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Rule 104 under the Securities Exchange Act. Stabilizing transactions involve bids to purchase the underlying security in the open market for the purpose of pegging, fixing or maintaining the price of the securities. Syndicate covering transactions involve purchases of the securities in the open market after the distribution has been completed in order to cover syndicate short positions.

Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the securities to be higher than it would be in the absence of the transactions. The underwriters may, if they commence these transactions, discontinue them at any time.

General Information

Agents, underwriters, and dealers may be entitled, under agreements entered into with us, to indemnification by us against certain liabilities, including liabilities under the Securities Act. Our agents, underwriters, and dealers, or their affiliates, may be customers of, engage in transactions with or perform services for us, in the ordinary course of business.

The selling stockholders may sell all or a portion of the shares of common stock described in this prospectus and any accompanying prospectus supplement and there can be no assurance that any selling stockholder will sell any or all of the shares of common stock described in this prospectus or any accompanying prospectus supplement. The selling stockholders may act independently of us in making decisions with respect to the timing, manner and size of each of its sales.

In addition to the methods described above, the selling stockholders may use any one or more of the following methods when disposing of their respective shares of common stock:

- any national securities exchange or quotation service on which the common stock may be listed or quoted at the time of sale, including the Nasdaq Capital Market, on which the common stock is currently listed;
- the over-the-counter market;
- transactions otherwise than on these exchanges or systems or in the over-the-counter market;
- the writing of options, whether such options are listed on an options exchange or otherwise;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares of common stock as agent but may position and resell a portion of the block as principal to facilitate the transaction;

15

- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- short sales;
- transactions in which broker-dealers may agree with the selling stockholders to sell a specified number of shares of common stock at a stipulated price;
- through one or more underwritten offerings on a firm commitment or best efforts basis;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

In addition to selling its shares of common stock under this prospectus, a selling stockholder may:

- transfer its common stock in other ways not involving market maker or established trading markets, including directly by gift, distribution, or other transfer;
- sell its common stock under Rule 144 or Rule 145 of the Securities Act rather than under this prospectus, if the transaction meets the requirements of Rule 144 or Rule 145; or
- sell its common stock by any other legally available means.

Item 15. Indemnification of Directors and Officers.

Section 78.7502(1) of the Nevada Revised Statutes (“NRS”) provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (except an action by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding if such person: (i) is not liable for a breach of fiduciary duties that involved intentional misconduct, fraud or a knowing violation of law; or (ii) acted in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

NRS Section 78.7502(2) further provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including amounts paid in settlement and attorneys’ fees actually and reasonably incurred in connection with the defense or settlement of the action or suit if such person: (i) is not liable for a breach of fiduciary duties that involved intentional misconduct, fraud or a knowing violation of law; or (ii) acted in good faith and in a manner that he or she reasonably believed to be in or not opposed to the best interests of the corporation. Indemnification may not be made for any claim, issue or matter as to which such a person has been adjudged by a court of competent jurisdiction, after exhaustion of all appeals therefrom, to be liable to the corporation or for amounts paid in settlement to the corporation, unless and only to the extent that the court in which the action or suit was brought or other court of competent jurisdiction determines upon application that in view of all the circumstances of the case the person is fairly and reasonably entitled to indemnity for such expenses as the court deems proper.

To the extent that a director, officer, employee or agent of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (1) and (2) of NRS Section 78.7502, as described above, or in defense of any claim, issue or matter therein, the corporation shall indemnify him or her against expenses (including attorneys’ fees) actually and reasonably incurred by such person in connection with the defense.

The articles of incorporation, as amended, and the amended and restated bylaws of the Company provide that the Company shall, to the fullest extent permitted by the NRS, as now or hereafter in effect, indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, except an action by or in the right of the Company, by reason of the fact that he is or was a director, officer, employee or agent of the Company, or is or was serving at the request of the

Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with the action, suit or proceeding if he: (i) is not liable pursuant to NRS Section 78.138; or (ii) acted in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Company, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

21

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The registrant hereby undertakes that for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(d) The registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Re: *Red Cat Holdings, Inc. Registration Statement on Form S-3*

Ladies and Gentlemen:

We have acted as counsel for Red Cat Holdings, Inc., a Nevada corporation (the "Company"), in connection with the preparation and filing of the Registration Statement on Form S-3 (the "Registration Statement"), filed by the Company with the Securities and Exchange Commission (the "Commission") under the Securities Act of 1933, as amended (the "Act"), relating to the offering and sale from time to time, as set forth in the Registration Statement, the form of prospectus contained therein (the "Prospectus"), and one or more supplements to the Prospectus (each, a "Prospectus Supplement"), (A) by the Company of up to \$100,000,000 aggregate initial offering price of securities consisting of (i) shares of the Company's common stock, par value \$0.001 per share (the "Common Stock"), (ii) shares of the Company's preferred stock, par value \$0.001 per share (the "Preferred Stock"), (iii) warrants ("Warrants") to purchase Common Stock or Preferred Stock, or (iv) units consisting of Common Stock, Preferred Stock, or Warrants, or any combination thereof, in one or more series (the "Units") (The Common Stock, Preferred Stock, Warrants and Units are collectively referred to herein as the "Primary Offering Securities."); and (B) by selling stockholders of up to an aggregate of 13,550,000 shares of common stock of the Company issuable upon: (1) conversion or other payment of the Senior Secured Promissory Note issued September 23, 2024 (the "Note"); and (2) exercise of the Common Stock Purchase Warrant (the "Warrant") issued September 23, 2024 (collectively, the "Selling Stockholder Shares").

We have examined originals or certified copies of such corporate records of the Company and other certificates and documents of officials of the Company, public officials and others as we have deemed appropriate for purposes of this letter. We have assumed the genuineness of all signatures, the legal capacity of each natural person signing any document reviewed by us, the authority of each person signing in a representative capacity (other than the Company) any document reviewed by us, the authenticity of all documents submitted to us as originals and the conformity to authentic original documents of all copies submitted to us or filed with the Commission as conformed and certified or reproduced copies. As to any facts material to our opinion, we have made no independent investigation of such facts and have relied, to the extent that we deem such reliance proper, upon certificates of public officials and officers or other representatives of the Company.

Based upon the foregoing and subject to the assumptions, exceptions, qualifications and limitations set forth herein, we are of the opinion that:

1. With respect to Primary Offering Securities constituting Common Stock to be sold by the Company, when (i) the Company has taken all necessary action to authorize and approve the issuance of such Common Stock, the terms of the offering thereof and related matters and (ii) such Common Stock has been issued and delivered, with certificates representing such Common Stock having been duly executed, countersigned, registered and delivered or, if uncertificated, valid book-entry notations therefor having been made in the share register of the Company, in accordance with the terms of the applicable definitive purchase, underwriting or similar agreement or, if such Common Stock is issuable upon the exercise of Warrants, the applicable warrant agreement therefor, against payment (or delivery) of the consideration therefor provided for therein, such Common Stock (including any Common Stock duly issued upon exercise of Warrants that are exercisable to purchase Common Stock) will have been duly authorized and validly issued and will be fully paid and non-assessable.

2. With respect to Primary Offering Securities constituting Preferred Stock, when (i) the Company has taken all necessary action to authorize and approve the issuance and terms of the shares of the series of such Preferred Stock, the terms of the offering thereof and related matters, including the adoption of a resolution fixing the number of shares in any series of Preferred Stock and the designation of relative rights, preferences and limitations in any series of Preferred Stock and the filing of a certificate of designation with respect to the series with the Secretary of State of the State of Nevada as required by Section 78.1955 of the Nevada Revised Statutes and (ii) such Preferred Stock has been issued and delivered, with certificates representing such Preferred Stock having been duly executed, countersigned, registered and delivered or, if uncertificated, valid book-entry notations therefor having been made in the share register of the Company, in accordance with the terms of the applicable definitive purchase, underwriting or similar agreement or, if such Preferred Stock is issuable upon the exercise of Warrants, the applicable warrant agreement therefor, against payment (or delivery) of the consideration therefor provided for therein, such Preferred Stock (including any Preferred Stock duly issued upon exercise of Warrants that are exercisable to purchase Preferred Stock) will have been duly authorized and validly issued and will be fully paid and non-assessable.

3. With respect to the Warrants, when (i) the Board of Directors of the Company (the "Board") has taken all necessary corporate action to approve the creation of and the issuance and terms of the Warrants, the terms of the offering thereof and related matters; (ii) the warrant agreement or agreements relating to the Warrants have been duly authorized and validly executed and delivered by the Company and the

warrant agent appointed by the Company; and (iii) the Warrants or certificates representing the Warrants have been duly executed, countersigned, registered and delivered in accordance with the appropriate warrant agreement or agreements and the applicable definitive purchase, underwriting or similar agreement approved by the Board, upon payment of the consideration therefor provided for therein, the Warrants will be validly issued and will be valid and binding obligations of the Company, enforceable against the Company in accordance with their terms.

4. With respect to Primary Offering Securities constituting Units, when (i) the Board has taken all necessary corporate action to approve the creation of and the issuance and terms of the Units, terms of the offering thereof and related matters; (ii) the agreement or agreements relating to the Primary Offering Securities comprising the Units have been duly authorized and validly executed and delivered by the Company; and (iii) the certificates representing the Primary Offering Securities comprising the Units have been duly executed, countersigned, registered and delivered in accordance with the appropriate agreements, the Units will be valid and binding obligations of the Company enforceable against the Company in accordance with the their terms.

5. The Selling Stockholder Shares, when issued: (i) upon conversion and/or payment of the Note in accordance with the terms thereof; or (ii) upon exercise of the Warrant in accordance with the terms thereof, will be duly authorized, validly issued, fully paid, and non-assessable share of common stock of the Company.

With respect to the opinions above, we have assumed that, in the case of each offering and sale of Primary Offering Securities, (i) the Registration Statement, and any amendments thereto (including post-effective amendments), will have become effective under the Act and such effectiveness or qualification shall not have been terminated or rescinded; (ii) a Prospectus Supplement will have been prepared and filed with the Commission describing such Primary Offering Securities; (iii) such Primary Offering Securities will have been issued and sold in compliance with applicable United States federal and state securities Laws (hereinafter defined) and pursuant to and in the manner stated in the Registration Statement and the applicable Prospectus Supplement; (iv) unless such Primary Offering Securities constitute Common Stock or Preferred Stock issuable upon exchange or conversion of Primary Offering Securities constituting Common Stock or Preferred Stock, or Common Stock or Preferred Stock issuable upon exercise of Warrants, a definitive purchase, underwriting or similar agreement with respect to the issuance and sale of such Primary Offering Securities will have been duly authorized, executed and delivered by the Company and the other parties thereto; (v) at the time of the issuance of such Primary Offering Securities, (a) the Company will validly exist and be duly qualified and in good standing under the laws of its jurisdiction of incorporation and (b) the Company will have the necessary corporate power and due authorization; (vi) the terms of such Primary Offering Securities and of their issuance and sale will have been established in conformity with and so as not to violate, or result in a default under or breach of, the articles of incorporation and bylaws of the Company and any applicable law or any agreement or instrument binding upon the Company and so as to comply with any requirement or restriction imposed by any court or governmental or regulatory body having jurisdiction over the Company; (vii) if such Primary Offering Securities constitute Common Stock or Preferred Stock, (a) sufficient shares of Common Stock or Preferred Stock will be authorized for issuance under the articles of incorporation of the Company that have not otherwise been issued or reserved for issuance and (b) the consideration for the issuance and sale of such Common Stock or Preferred Stock established by the Board and provided for in the applicable definitive purchase, underwriting or similar agreement (or, if Common Stock or Preferred Stock is issuable upon exercise of Warrants, the applicable warrant agreement) will not be less than the par value of such Common Stock or Preferred Stock; (viii) if such Primary Offering Securities constitute Common Stock or Preferred Stock issuable upon exercise of Warrants, the action with respect to such Warrants referred to in Paragraph 3 above will have been taken; and (ix) if such Primary Offering Securities constitute Warrants that are exercisable for Primary Offering Securities constituting Common Stock or Preferred Stock, the Company will have then taken all necessary action to authorize and approve the issuance of such Common Stock or Preferred Stock upon exercise of such Warrants, the terms of such exercise and related matters and to reserve such Common Stock or Preferred Stock for issuance upon such exercise.

We express no opinion herein as to the laws of any state or jurisdiction other than the substantive laws of the State of Nevada and the federal laws of the United States of America.

We consent to the inclusion of this opinion as an exhibit to the Registration Statement and further consent to all references to us under the caption "Legal Matters" in the Prospectus.

Sincerely,

The Crone Law Group P.C.
