1. Summary of Significant Accounting Policies and Use of Estimates

Basis of Presentation and Organization and Reorganization

Effective September 13, 2016, TimefireVR Inc., a Nevada corporation ("Timefire," "we," "us," "our" or the "Company") entered into an Agreement and Plan of Merger ("Merger Agreement" or the "Merger") through which it acquired Timefire LLC, a Phoenix-based virtual reality content developer and Arizona Limited Liability Company ("TLLC"). As consideration for the Merger, the Company issued the equity holders of TLLC a total of 41,400,000 shares of its common stock, and 2,800,000 five-year warrants exercisable at $0.58 per share for 100% of the membership interests of TLLC. As a result, the former members of TLLC owned approximately 99% of the then outstanding shares of common stock.

On January 3, 2018, the Company entered into a Membership Interest Purchase Agreement (the "Agreement") by and between the Company and Mitchell Saltz ("Saltz"). Pursuant to the terms of the Agreement, Saltz acquired all the membership interests of the Company's subsidiary, Timefire LLC ("TLLC").

In consideration for entering in the Agreement, the Company received: (i) $100,000 in cash and (ii) a secured (by all the tangible and intangible property of TLLC) promissory note in the principal amount of $120,000 bearing 6% annual interest maturing on September 28, 2018. Additionally, Saltz or TLLC assumed certain of the Company's liabilities including a sublease agreement entered into by the Company, loans made by Saltz to the Company, a certain $100,000 senior convertible note of the Company dated March 3, 2017, a certain services agreement entered into by the Company, certain past compensation owed to the Company's former executive officers, and certain credit card debts owed by the Company.

On January 3, 2018, the Company purchased $100,000 of ether, the cryptocurrency offered by the Ethereum network. This purchase was the Company's first material cryptocurrency purchase and signified the start of the Company's entry into the cryptocurrency business. The Company records its cryptocurrency holdings at fair value as of valuation date. The Company recorded net loss on fair value of its cryptocurrency holdings of $55,083 for the six months ended June 30, 2018.

Unaudited Interim Financial Statements

The interim financial statements of the Company as of June 30, 2018 and 2017, and for the periods then ended, are prepared in accordance with the instructions to Form 10-Q. Accordingly, the accompanying financial statements and notes thereto do not reflect all disclosures required under accounting principles generally accepted in the United States of America ("U.S. GAAP"). However, in the opinion of management, the interim financial statements include all adjustments, consisting of only normal recurring adjustments, necessary to present fairly the Company's financial position as of June 30, 2018 and the results of its operations and its cash flows for the periods ended June 30, 2018 and 2017. These results are not necessarily indicative of the results expected for the year ended December 31, 2018. The financial statements should be read in conjunction with the Company's annual report on Form 10-K for the year ended December 31, 2017, filed with the U.S. Securities and Exchange Commission (the "SEC") on April 9, 2018. The balance sheet as of December 31, 2017 has been derived from the audited financial statements included in that filing.

Principles of Consolidation

For accounting purposes, the Merger transaction was recorded as a reverse recapitalization, with TLLC as the accounting acquirer. Consequently, the historical pre-Merger financial statements of TLLC were then those of the Company. The financial statements for periods December 31, 2017 and prior include the accounts of the Company and TLLC. All significant intercompany transactions and balances have been eliminated. Equity investments through which we exercise significant influence over but do not control the investee and are not the primary beneficiary of the investee's activities are accounted for using the equity method where applicable.

Reclassifications

For the three and six months ended June 30, 2017, the Company's Statement of Operations and Cash Flows have been reclassified to the current presentation to reflect the discontinued operations resulting from the sale of TLLC. The reclassified financial statement items had no effect on net income for the periods.

Discontinued Operations

The Company has classified the operating results related to the TLLC virtual reality business, which was sold on January 3, 2018, as discontinued operations in the financial statements. As per SEC guidelines, the December 31, 2017 balance sheet has not been retrospectively adjusted to reflect discontinued operations. Such adjustment will be reflected when the December 31, 2017 balance sheet is first presented with annual financial statements that report discontinued operations.

Discontinued operations consist of specifically identified expenses as follows:

Accounting Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could materially differ from those estimates. Significant estimates of the Company include accounting for depreciation and amortization, derivative liabilities, accruals and contingencies, the fair value of the Company's common stock and the estimated fair value of warrants.

Revenue Recognition

On January 1, 2018, the Company adopted Accounting Standards Codification ("ASC") Topic 606, "Revenue from Contracts with Customers" ("ASC 606"). The core principle of ASC 606 requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. ASC 606 defines a five-step process to achieve this core principle and, in doing so, it is possible more judgment and estimates may be required within the revenue recognition process than required under U.S. GAAP including identifying performance obligations in the contract, estimating the amount of variable consideration to include in the transaction price and allocating the transaction price to each separate performance obligation.

The Company is paid in cryptocurrency for its mining operations. The revenue generated is valued by the cryptocurrency fair value on the date earned.

Cash and Cash Equivalents

The Company considers all highly liquid instruments, with original maturity of three months or less when purchased, to be cash equivalents. We place our cash and cash equivalents with major financial institutions. Such amounts are guaranteed by the Federal Deposit Insurance Corporation ("FDIC"). From time to time, balances may exceed FDIC coverage limits.

Property and Equipment

Property and equipment is recorded at cost reduced by accumulated depreciation. Depreciation is provided for on the straight-line method, over the estimated useful lives of the assets. Maintenance and repairs that neither materially add to the value of the property nor appreciably prolong its life are charged to expense as incurred. Betterments or renewals are capitalized when incurred. Gains and losses on the disposition of property and equipment are recorded in the period incurred.

The estimated useful lives of property and equipment are:

- Office furniture and equipment 3-5 years

Impairment of Long-Lived Assets and Intangible Assets

The Company follows Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") No. 360-10, *"Property, Plant, and Equipment,"* which established a *"primary asset"* approach to determine the cash flow estimation period for a group of assets and liabilities that represents the unit of accounting for a long-lived asset and amortizable intangible asset to be held and used. Long-lived assets and amortizable intangible assets to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The carrying amount of a long-lived asset and amortizable intangible asset is not recoverable if it exceeds the sum of the undiscounted cash flows expected to result from the use and eventual disposition of the asset. Long-lived assets and amortizable intangible assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell.

Business Segments

ASC 280, *"Segment Reporting"* requires use of the *"management approach"* model for segment reporting. The management approach model is based on the way a company's management organizes segments within the company for making operating decisions and assessing performance. The Company determined it has one operating segment as of June 30, 2018.

Research and Development Costs

Research and development costs, including design, development and testing of software, are expensed as incurred.

Income Taxes

The Company accounts for income taxes under FASB ASC 740, *Income Taxes*. Deferred income tax assets and liabilities are determined based upon differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse.

Stock-Based Compensation

In accordance with ASC No. 718, Compensation – Stock Compensation ("ASC 718"), the Company measures the compensation costs of stock-based compensation arrangements based on the grant date fair value of granted instruments and recognizes the costs in the financial statements over the period during which such awards vest. Stock-based compensation arrangements include stock options and restricted stock awards.

Equity instruments ("Instruments") issued to non-employees are recorded on the basis of the fair value of the Instruments, as required by ASC 718. ASC No. 505, Equity Based Payments to Non-Employees ("ASC 505"), defines the measurement date and recognition period for such Instruments. In general, the measurement date is (a) when a performance commitment, as defined, is reached or (b) when the earlier of (i) the non-employee performance is complete and (ii) the Instruments are vested. The measured fair value related to the Instruments is recognized over a period based on the facts and circumstances of each particular grant as defined in ASC 505.

Net Income (Loss) Per Share

Basic earnings per share does not include dilution and is computed by dividing loss available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflects the potential dilution of securities that could share in the earnings of an entity. Dilutive securities are not included in the weighted average number of shares when inclusion would be anti-dilutive. As of June 30, 2018 and 2017, there were total shares of 192,232,724 and 23,215,628, respectively, issuable upon conversion of preferred stock, exercise of warrants and options.

Fair Value Measurements

ASC 820 Fair Value Measurements defines fair value, establishes a framework for measuring fair value in U.S. GAAP, and expands disclosure about fair value measurements.

The following provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which fair value is observable:

Level 1- fair value measurements are those derived from quoted prices (unadjusted in active markets for identical assets or liabilities);

Level 2- fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3- fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

These financial instruments are measured using management's best estimate of fair value, where the inputs into the determination of fair value require significant management judgment to estimation. Valuations based on unobservable inputs are highly subjective and require significant judgments. Changes in such judgments could have a material impact on fair value estimates. In addition, since estimates are as of a specific point in time, they are susceptible to material near-term changes. Changes in economic conditions may also dramatically affect the estimated fair values.

Financial instruments classified as Level 1 - quoted prices in active markets include cash.

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of June 30, 2018. The respective carrying value of certain financial instruments approximated their fair values due to the short-term nature of these instruments. These financial instruments include cash, accounts payable and accrued expenses.

Derivative Liabilities

The Company issued common stock purchase warrants in September 2016 in conjunction with the Merger Agreement. Additional warrants were issued in March and August 2017 as part of private placement offerings. Warrants were also issued in March 2018 as part of a private placement offering (see Note 5) and per an advisory agreement (see Note 7). In accordance with ASC No. 480, *Distinguishing Liabilities from Equity* ("ASC 480"), the fair value of these warrants is classified as a liability on the Company's Balance Sheets because, according to the warrants' terms, a fundamental transaction could give rise to an obligation of the Company to pay cash to certain warrant holders. Corresponding changes in the fair value of the warrants are recognized as a gain or loss on the Company's Statements of Operations in each subsequent period.

The fair value of the warrants at June 30, 2018 and December 31, 2017 was $231,176 and 198,994, respectively. The difference has been recorded as a change in change in fair value of derivatives.

2. Going Concern

The Company has incurred losses since inception and requires additional funds for future operating activities. The Company has not reached a level of revenue sufficient to fund its operating activities. These factors create an uncertainty as to how the Company will fund its operations and maintain sufficient cash flow to operate as a going concern. The combination of these factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in response to these factors include the issuances of debt in exchange for cash such as that which is described in Note 5, Convertible Notes Payable.

The Company's ability to meet its cash requirements in the next year is dependent upon obtaining additional financing. If this is not achieved, the Company will be unable to obtain sufficient cash flow to fund its operations and obligations, and as a result there is substantial doubt the Company will be able to continue as a going concern. The accompanying financial statements have been prepared on a going concern basis, and accordingly, do not include any adjustments relating to the recoverability and classification of recorded asset amounts; nor do they include adjustments to the amounts and classification of liabilities that might be necessary should the Company be unable to continue operations or be required to sell its assets.

3. Gain on Disposal of Timefire LLC

As discussed in Note 1, on January 3, 2018, the Company entered into the Agreement. Pursuant to the terms of the Agreement, Mr. Saltz acquired all the membership interests of TLLC.

In consideration for entering into the Agreement, the Company received: (i) $100,000 in cash and (ii) a secured promissory note in the principal amount of $120,000 bearing 6% annual interest that matures on September 28, 2018. Additionally, Mr. Saltz and TLLC each assumed certain of the Company's liabilities including a sublease agreement entered into by the Company, loans made by Mr. Saltz to the Company, a certain $100,000 senior convertible note from the March 2017 Notes, as defined below, a certain services agreement entered into by the Company, certain past compensation owed to the Company's former executive officers, and certain credit card debts owed by the Company. Total gross proceeds from the sale were $220,000, including the cash payment and secured promissory note, plus $510,599 in liabilities relieved, less $60,171 of assets sold to TLLC resulted in a gain on disposal of $670,428.

OVERVIEW

The Company is a Nevada corporation incorporated on April 10, 2002. On November 21, 2016, we changed our name to TimefireVR, Inc. We are currently in the process of changing our name to TeraForge Ventures Inc., subject to shareholder approval.

Effective September 13, 2016, the Company acquired TLLC, a Phoenix-based virtual reality content developer. As consideration for the Merger Agreement, the Company issued the equity holders of TLLC a total of 41,400,000 shares of the Company's common stock and 2,800,000 five-year warrants.

On January 3, 2018, the Company effected the sale of TLLC to a person (the "TLLC Lender") who had lent the Company or TLLC funds in 2017 without any documentation in order to keep employees from quitting. The Company understood he was acting on behalf of a group ("TLLC Purchasers") which included its former owners as well as two of our former executive officers and directors. The Company received: (i) $100,000 in cash and (ii) a secured promissory note in the principal amount of $120,000 bearing 6% annual interest that matures in September 2018. Additionally, the TLLC Purchasers assumed certain of the Company's liabilities totaling approximately $558,054. The Company's business model in the virtual reality business was not successful and the Company was unable to continue to finance its business due to a loss of confidence in the virtual reality business by the Company's investors ("Prior Investors") who held past due convertible notes, and threats of resignation from the remaining TLLC employees. The Prior Investors refused to further finance the Company unless TLLC was shut down or preferably sold; the TLLC Lender whose loans were treated as demand loans refused to fund TLLC if it remained owned by the Company. While shareholder approval was required by Nevada law, the TLLC Purchasers refused to fund TLLC unless we closed immediately. Prior Investors that had financed the Company had agreed to provide further funding if we sold TLLC and received a release from key liabilities including past due promissory notes. Rather than cease operations and have no working capital, we adhered to the TLLC Purchaser's demands and closed the sale. Pending finalization of the sale of TLLC over the year-end holidays, our Prior Investors lent us approximately $669,000 on December 21, 2017 and cancelled certain past due notes they held on January 3, 2018 as explained in the following paragraph. Because we wanted to eliminate state law liabilities, we opted to get irrevocable proxies which would permit us to seek shareholder ratification. On August 14, 2018, we have filed an amendment to our preliminary proxy statement.

Effective January 3, 2018, the Company entered into an exchange agreement with certain of the Company's Prior Investors pursuant to which the Company issued 303,714 shares of the Company's new Convertible Series E Preferred Stock in exchange for the cancellation of the Company's Series A, Series A-1, Series C, the March 2017 Notes, the August 2017 Notes, and certain of the Company's outstanding Warrants. This exchange had the effect of simplifying our capital structure and eliminating past due secured debt while substantially increasing future potential dilution.

On March 6, 2018, we borrowed $1 million from these same investors and issued them $1,052,632 of the 2018 Notes which are due on April 15, 2019. The 2018 Notes pay 8% per annum interest and are convertible at $0.03 per share. On the maturity date, we must pay 120% of the principal of the 2018 Notes. The 2018 Notes are secured by a first lien on the Company's assets.

On January 3, 2018, we announced our entry into the cryptocurrency and blockchain business. The Company's current business is focused on the mining of bitcoin, ethereum and litecoin. The Company has expanded that business and has moved its mining operations to Allentown, PA from its prior location in Brooklyn, NY.

In order to secure the technical expertise to engage in the cryptocurrency mining business, we entered into the Advisory Agreement with two parties on March 16, 2018. See Note 7.

Results of Operations

The following discussion analyzes our results of operations for the three and six months ended June 30, 2018 and 2017. The following information should be considered together with our financial statements for such periods and the accompanying notes thereto.

Revenues for the three months ended June 30, 2018 and 2017 were $8,917 and $0, respectively. The Company generated its first mining revenues in the quarter ended June 30, 2018. Operating expenses for the quarter ended June 30, 2018 amounted to $436,922 as compared to $344,068 for the quarter ended June 30, 2017. This was primarily due to the increase in officer compensation. The net loss for the three months ended June 30, 2018 was $477,917 as compared to a net income of $458,860 for the quarter ended June 30, 2017. This difference is primarily due to the change in fair value of derivative, which created a non-cash gain for the three months ended June 30, 2017 of $1,391,883.

Revenues for the six months ended June 30, 2018 and 2017 were $8,917 and $0, respectively. Operating expenses for the six months ended June 30, 2018 amounted to $1,072,559 as compared to $794,840 for the six months ended June 30, 2017. This was primarily due to the increase in officer compensation. The net loss for the six months ended June 30, 2018 was $929,995 as compared to a net income of $1,887,552 for the six months ended June 30, 2017. This difference is primarily due to the change in fair value of derivative, which created a non-cash gain for the six months ended June 30, 2017 of $4,015,061.

Liquidity and Capital Resources

Historically, our primary source of liquidity has been from the issuances of debt financing. The primary uses of cash are payroll related expenses and professional fees.

Our balance sheet as of June 30, 2018 reflects $185,063 in cash. As of August 10, 2018, the Company had approximately $60,000 in cash.

Management is continuing to pursue financing from various sources, including private placements from investors and institutions. We do not have capital to satisfy our estimated working capital needs for the next 12 months. Moreover, as of June 30, 2018 we owe $1,826,579 in principal on convertible notes due in April 2019. Because of the uncertainty regarding the cryptocurrency business costs as well as the sums we owe our principal lenders, we cannot predict, with certainty, the outcome of our actions to generate liquidity, including the availability of additional debt financing, or whether such actions would generate enough liquidity. At this time, our Company does not have a commitment from any party to provide additional financing. There is no assurance that any additional financing will be available or if available, on terms that will be acceptable. Any financing will be extremely dilutive to our common shareholders. If we cannot obtain financing, we will cease operations.

Going Concern

The Company has incurred losses since inception and requires additional funds for future operating activities. The Company's selling activity has not reached a level of revenue sufficient to fund its operating activities. These factors create an uncertainty as to how the Company will fund its operations and maintain sufficient cash flow to operate as a going concern. The combination of these factors, among others, raise substantial doubt about the Company's ability to continue as a going concern.

Critical Accounting Policies and Estimates

Our financial statements and accompanying notes have been prepared in accordance with GAAP applied on a consistent basis. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods.

We regularly evaluate the accounting policies and estimates that we use to prepare our financial statements. A complete summary of these policies is included in the notes to our financial statements. In general, management's estimates are based on historical experience, on information from third party professionals, and on various other assumptions that are believed to be reasonable under the facts and circumstances. Actual results could differ from those estimates made by management.

Off-Balance Sheet Arrangements

We have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

Recently Issued Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect. These pronouncements did not have any material impact on the financial statements unless otherwise disclosed, and the Company does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 (the "Exchange Act") and are not required to provide the information under this item.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures are controls and procedures that are designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by our company in the reports that it files or submits under the Exchange Act is accumulated and communicated to our management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. Our management carried out an evaluation under the supervision and with the participation of our Principal Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Rules 13a-15(e) and 15d-15(e) under the Exchange Act. Based upon that evaluation, our Principal Executive Officer and Principal Financial Officer have concluded that our disclosure controls and procedures were not effective as of June 30, 2018.

Changes in Internal Control over Financial Reporting

Our management has also evaluated our internal control over financial reporting, and there have been no significant changes in our internal controls or in other factors that could significantly affect those controls subsequent to the date of our last evaluation.

The Company is not required by current SEC rules to include, and does not include, an auditor's attestation report. The Company's registered public accounting firm has not attested to Management's reports on the Company's internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, the Company may become subject to various legal proceedings that are incidental to the ordinary conduct of its business. Although the Company cannot accurately predict the amount of any liability that may ultimately arise with respect to any of these matters, it makes provision for potential liabilities when it deems them probable and reasonably estimable. These provisions are based on current information and legal advice and may be adjusted from time to time according to developments.

ITEM 1A. RISK FACTORS

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information under this item.

ADVISOR AGREEMENT

This Advisor Agreement (this "Agreement"), is made effective as of March 16, 2018 (the "Effective Date") by and between TimefireVR Inc., a Nevada corporation (the "Company") and ICO Media Group Inc. (the "Advisor").

WHEREAS, the Company desires to engage David Drake ("Drake") as an independent contractor, to serve as a member of the Company's advisory board and perform services on behalf of the Advisor and the Advisor desires to perform such services for the Company in accordance with the terms and conditions set forth in this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained in this Agreement, the parties hereto hereby agree as follows:

1. **Advisory Services**. Drake shall be appointed to the Company's advisory board, which reports directly to the Company's board of directors, and the Advisor and Drake shall render the services set forth on **Exhibit A** (the "Advisory Services") to the Company, and the Company agrees to pay the Advisor the compensation described in **Exhibit A** for the Advisor's performance of the Advisory Services to the Company for the term of this Agreement. The Company shall cooperate with the Advisor and provide such access to its information and property as may be reasonably required in order to permit the Advisor and its employees to perform their obligations under this Agreement, subject to customary confidentiality provisions.

2. **Term**. This Agreement shall continue until terminated in accordance with the provisions of Section 14. The Advisor's obligations set forth in Sections 4 through 16, inclusive, shall survive termination of this Agreement.

3. **Reimbursement of Expenses**. Promptly but no later than ten (10) days following submission of statements of expenses incurred accompanied by appropriate supporting documentation, the Company will reimburse the Advisor for reasonable and customary out-of-pocket business expenses incurred by the Advisor in the ordinary course of performing the Advisory Services and in compliance with the Company's policies covering such expenses. Anticipated expenses in excess of $500 will require the prior written approval of the Company.

4. **Prior Work**. The Advisor hereby assigns to the Company all of the Advisor's right, title and interest in and to all previous work done by the Advisor for the Company relating to the Advisory Services.

5. **Proprietary Information**. This Agreement creates a relationship of confidence and trust between the Company and the Advisor with respect to any information: (a) applicable to the business of the Company or (b) applicable to the business of any client or customer of the Company, which may be made known to the Advisor by the Company or by any client or customer of the Company, or learned by the Advisor during the term of this Agreement while rendering the Advisory Services. All such information, whether provided prior to, on or after the Effective Date, has commercial value in the business in which the Company is engaged and is hereinafter called "Proprietary Information". By way of illustration, but not limitation, Proprietary Information includes any and all technical and nontechnical information including trade secrets, patent, copyright, trade secret, and proprietary information, techniques, sketches, drawings, models, inventions, knowhow, processes, apparatus, equipment, algorithms, software programs, software source documents, and formulae related to the current, future and proposed products and services of the Company and includes, without limitation, information concerning research, experimental work, development, design details and specifications, engineering, financial information, procurement requirements, purchasing, manufacturing, customer lists, business forecasts, sales and merchandising and marketing plans and information. "Proprietary Information" also includes proprietary or confidential information of any third party who may disclose such information to the Company or to the Advisor in the course of the Company's business. "Proprietary Information" shall not include information that (i) is or becomes known to the general public under circumstances involving no breach by the Advisor or others of the terms of this Agreement, (ii) is generally disclosed to third parties by the Company without restriction on such third parties, (iii) is in the rightful possession of the Advisor, without confidentiality obligations, at the time of disclosure by Company as shown by the Advisor's then-contemporaneous written records, (iv) is independently developed or acquired by the Advisor or any of its representatives without violation of this Agreement, or (v) is approved in writing for release by the Company. C) The Advisor shall require all personnel to sign a Non-disclosure Agreement (see **Exhibit B**), protecting Company's confidential information and intellectual property. Drake and the Advisor shall treat and obligate all personnel to treat as secret all confidential information received from Company including, but not limited to, information concerning the Company's financial data, operating data, source code, or trade secrets encountered during this Agreement.

6. **Ownership and Nondisclosure of Proprietary Information**.

(a) All Proprietary Information is the sole property of the Company and the Company's assigns and the Company and the Company's assigns shall be the sole and exclusive owner of all trade secrets, patents, copyrights, mask works, trade secrets and other rights in the Proprietary Information. At all times, both during the term of this Agreement and after termination of this Agreement, Drake and the Advisor shall keep in confidence and trust all Proprietary Information and will not disclose any Proprietary Information to any person or entity other than the Company or use any Proprietary Information other than in connection with the Advisor's performance of the Advisory Services for the benefit of the Company, in each case, without the prior written consent of the Company.

(b) Notwithstanding anything set forth herein to the contrary, the Company understands that the Advisor maintains a large staff devoted to developing its own products, services, designs, marketing strategies, business methods and the like, and is conducting research and evaluating ideas in many areas of interest, including on behalf of other companies and businesses, some of which may be in the same business as the Company. It is quite possible that the Advisor has already conceived of, or is expecting to work on a project involving, the same or

similar information to the one provided or to be provided hereunder. Nothing in this Agreement shall be construed to prevent the Advisor from engaging independently in such activities, provided that the Proprietary Information of the Company is not used for such purposes.

7. **Ownership and Return of Material**. All materials (including, without limitation, documents, drawings, models, apparatus, sketches, designs, lists, user stories, source code and all other tangible media of expression) furnished to Drake or the Advisor by the Company as a result of, or in connection with the Advisory Services shall remain the property of the Company. Upon termination of this Agreement, or at any time on the request of the Company before termination, Drake and the Advisor agrees to promptly (but no later than five (5) days after the earlier of the termination of this Agreement or the Company's request) destroy or deliver to the Company, at the Company's option, all materials furnished to either of them by the Company and all tangible media of expression which are in their possession and which incorporate any Proprietary Information or otherwise relate to the Company's business. At the Company's request, Drake and the Advisor shall provide the Company with written certification of their compliance with Advisor's obligations under this Section.

8. **Innovations**. As used in this Agreement, the term "Innovations" means all information fixed in any tangible medium of expression (whether or not protectable under copyright laws), know-how, improvements, inventions (whether or not protectable under patent laws), works of authorship, techniques, software, code, objects, development tools, methods and protocols, instructions and routines, comments, user interfaces, support logs, scripts, design notes, supporting technical and user documentation, discoveries, data, ideas (whether or not protectable under trade secret laws), specifications, designs, trade secrets, combinations, formulae, developments, artwork, copyrights, regulatory and other governmental filings, documents, descriptions, processes, methods, procedures, trademarks, trade names, service marks, domain names, web addresses and web sites, all other subject matter that may be protectable under any patent, copyright, moral right, mask work, trademark, trade secret or other laws and all goodwill associated with any of the foregoing and any registrations and applications therefor.

9. **Assignment of Innovations**. Drake and the Advisor hereby agree to promptly disclose and describe to the Company and Drake and the Advisor hereby assign to the Company all of their right, title, and interest in and to each of the Innovations and all associated intellectual property rights that either party conceives, reduces to practice, creates, derives, develops or makes solely arising out of, or in connection with the work performed by Drake and/or the Advisor in rendering the Advisory Services and that (a) relate to the Company's business or actual or demonstrably anticipated research or development, (b) was developed with the use of any of the Company's equipment, supplies, facilities or trade secret information or (c) results from any work either party performed for the Company including the Advisory Services (collectively, the "Company Innovations"). Drake and the Advisor further acknowledge and agree that all Company Innovations including, without limitation, any computer programs, programming documentation, and other works of authorship, are "works made for hire" for purposes of the Company's rights under copyright laws and they hereby assign to the Company any and all rights, title and interest they may have or acquire in such Company Innovations. Any assignment of copyright hereunder includes all rights of paternity, integrity, disclosure and withdrawal and any other rights that may be known as or referred to as "moral rights". Without the prior written consent of the Company, Drake and the Advisor will not (i) use any Innovation or other proprietary right or information of Advisor or any third party in connection with the performance of the Advisory Services or (ii) incorporate any Innovation or other proprietary right or information of Drake, the Advisor or any third party into any of the Company Innovations or any of the Company's products or any of the deliverables or work products provided to the Company. For the avoidance of doubt, any Inventions that Drake or the Advisor may conceive, reduce to practice, create, derive, develop or make, solely or jointly with others, without the use of any Proprietary Information of the Company or that do not arise of the work performed by Drake or the Advisor for the Company while rendering the Advisory Services shall remain the sole property of Drake or the Advisor and are not assigned to the Company.

10. **Cooperation in Perfecting Rights to Proprietary Information and Innovations**. Drake and the Advisor hereby agree to perform, during and after the term of this Agreement, all acts deemed necessary or desirable by the Company to permit and assist the Company, at the Company's expense, in obtaining and enforcing the full benefits, enjoyment, rights and title throughout the world in the Proprietary Information and Company Innovations. Such acts may include, but are not limited to, execution of documents and assistance or cooperation (a) in the filing, prosecution, registration, memorialization and assignment of any applicable patent, copyright, mask work or other property right protection, (b) in the enforcement or defense of any applicable patent, copyright, mask work or other property right and (c) in any other legal proceedings. In the event that the Company is unable for any reason to secure Drake or the Advisor's signature to any document required to file, prosecute, register, memorialize or assign any patent, copyright, mask work or other property right or to enforce any patent, copyright, mask work or other property related to the Proprietary Information or the Company Innovations, Drake and the Advisor hereby irrevocably designates and appoints the Company and its duly authorized officers and agents as their agents and attorneys in fact to act for and on their behalf and instead of Drake or the Advisor (i) to execute, file, prosecute, register, memorialize and assign any such patent, copyright, mask work or other property right, (ii) to execute and file any documentation required for such enforcement and (iii) to do all other lawfully permitted acts to further the filing, prosecution, registration, memorialization, assignment, issuance and enforcement of patents, copyrights, mask works and other rights related to the Proprietary Information or the Company Innovations, all with the same legal force and effect as if executed by Drake or the Advisor. The power of attorney provided under this Section 10 is coupled with an interest and is irrevocable.

11. **Independent Contractor.**

(a) Drake and the Advisor shall act in the capacity of an independent contractor with respect to the Company, and not as an employee or authorized agent or representative of the Company. Drake and the Advisor shall not have any authority to enter into contracts or binding commitments in the name or on behalf of the Company. The parties will not use each other's logo or marks without prior written approval, and then such use shall be only for the benefit of the party which owns the logo or mark and at the direction of such party. Drake and the Advisor shall not be, nor represent himself as being, authorized to bind the Company.

(b) Drake and the Advisor agree, acknowledge and understand that neither party shall have the status of an employee of the

Company and shall participate in any employee benefit plans or group insurance plans or programs (including, but not limited to, salary, bonus or incentive plans, stock option or purchase plans, or plans pertaining to retirement, deferred savings, disability, medical or dental) even if either party is considered eligible to participate pursuant to the terms of such plans, unless otherwise agreed to by the parties. In addition, Drake and the Advisor understand and agree that consistent with their independent contractor status, each party will not apply for any government-sponsored benefits intended only for employees, including, but not limited to, unemployment benefits.

(c) The Company shall issue Form 1099 records for its payments to Advisor made pursuant to this Agreement. Because Advisor is an independent contractor, Advisor is solely responsible for all taxes, withholdings, and other similar statutory obligations; and Advisor agrees to defend, indemnify and hold the Company harmless from any and all claims made by any taxing authority on account of an alleged failure by Advisor to satisfy any such tax or withholding obligations related to Advisor's independent contractor status. Advisor warrants that Advisor has had the opportunity to obtain independent advice regarding the tax consequences of the payments made pursuant to this Agreement. Drake acknowledges he is sharing with the Advisor any fees payable to the Advisor in accordance with a separate agreement.

12. **Representations, Warranties and Covenants**.

12.1 Drake and the Advisor agree, represent and warrant that:

(a) All action necessary for the authorization, execution, delivery and performance of all obligations under this Agreement has been taken and this Agreement constitutes a valid and legally binding obligation of Drake and the Advisor that is enforceable against each party in accordance with its terms. To their knowledge, the authorization, execution and delivery by Drake and the Advisor of this Agreement and the performance of their obligations under this Agreement will not, with or without the passage of time or giving of notice (i) conflict with, or result in any violation of or default or loss of any benefit under, any permit, law, rule or regulation, or any judgment, decree or order of any court or other governmental agency or instrumentality to which Drake or the Advisor is a party or to which any of Drake or the Advisor's property is subject or (ii) conflict with, or result in a breach or violation of or default or loss of any benefit under, the terms of any agreement, contract, indenture or other instrument to which Drake or the Advisor is a party or to which any of their property is subject, or constitute a default or loss of any right thereunder or an event that, with the lapse of time or notice or both, might result in a default or loss of any right thereunder. Drake and the Advisor's performance of their obligations under this Agreement will not infringe upon or violate any right of any person or entity.

(b) During the term of this Agreement, Drake and the Advisor shall not be bound by any agreement, nor assume any obligation, which would conflict with the provisions of this Agreement.

(c) In performing the Advisory Services, Drake and the Advisor will not use any confidential or proprietary information of any other person or entity or infringe the intellectual property rights (including, without limitation, patent, copyright, trademark or trade secret rights) of any other person or entity nor will Drake or the Advisor disclose to the Company, or bring onto the Company's premises, or induce the Company to use any confidential information of any other person or entity.

(d) Drake and the Advisor will abide by all applicable laws and the Company's safety rules in the course of performing the Advisory Services. Drake and the Advisor have, and shall maintain, all licenses and permits necessary to perform the Advisory Services under this Agreement and all of such licenses are, and shall remain, in full force and effect.

(e) Drake and the Advisor will not subcontract any of their obligations under this Agreement without the prior written consent of the Company.

12.2 The Company agrees, represents and warrants that:

(a) All action necessary for the authorization, execution, delivery and performance of all obligations under this Agreement has been taken and this Agreement constitutes a valid and legally binding obligation of the Company that is enforceable against the Company in accordance with its terms.

(b) During the term of this Agreement, the Company shall not be bound by any agreement, nor assume any obligation, which would conflict with the provisions of this Agreement.

(c) The Company shall not use any confidential or proprietary information of any other person or entity or infringe the intellectual property rights (including, without limitation, patent, copyright, trademark or trade secret rights) of any other person or entity nor will the Company disclose to the Advisor, or induce the Advisor to use any confidential information of any other person or entity.

13. **Indemnification**. Drake and the Advisor will defend, indemnify and hold the Company and its affiliates harmless against any and all losses, liabilities, damages, claims, demands, suits, costs and expenses (including, without limitation, reasonable attorneys' fees and court costs) arising or resulting, directly or indirectly, from any act or omission of Drake or the Advisor that constitutes a breach of any term or condition of this Agreement.

14. **Termination**. This Agreement may be terminated by the Company or Drake and the Advisor without cause upon at least thirty (30) days prior written notice to the other party. Any such termination without cause shall not result in forfeiture by Drake and the Advisor of any compensation paid prior to the date of termination. Upon the occurrence of any of the following events (as determined in the sole discretion of the Company), the Company may terminate this Agreement immediately upon delivery of written notice to Drake and the Advisor, which shall be considered a "for cause" termination: (i) the engagement by Drake or the Advisor in any conduct which constitutes gross negligence, willful

misconduct or any other conduct which is demonstrably and materially injurious to the Company, whether monetary or otherwise; (ii) the commission by either party of any felony, act of fraud or dishonesty involving the Company or its business or which materially impairs their ability to perform their duties for the Company, (iii) the violation of any federal or state securities laws or rules, or (iv) the filing by the Securities and Exchange Commission or any state securities regulator which shall include the New York Attorney General . Upon termination for cause, Drake or the Advisor shall not be entitled to any compensation of any kind subsequent to the date of termination.

15. **Non-Solicitation**.

(a) Drake and the Advisor acknowledge that, in the course of their engagement with the Company, each has become familiar, or will become familiar, with trade secrets and with other Proprietary Information concerning the Company and that the services have been and will be of special, unique and extraordinary value to the Company. Drake and the Advisor understands that the following restrictions may limit their ability to earn a livelihood in a business similar to the business of the Company, but they nevertheless believe that they will receive sufficient consideration and other benefits as an Advisor of the Company and as otherwise provided hereunder to clearly justify such restrictions which, in any event (given the education, skills and ability, as applicable), Drake and the Advisor dos not believe would prevent them from otherwise earning a living or meeting their monetary obligations. Drake and the Advisor further understand that the provisions of this Agreement are reasonable and necessary to preserve the business of the Company.

(b) In light of Section 15(a), while Drake and the Advisor are engaged by the Company and for twelve (12) months thereafter, they shall not directly or indirectly through another person or entity: (i) induce or attempt to induce any employee or independent contractor of the Company to leave the employ of or engagement with the Company, or in any way interfere with the relationship between the Company, on the one hand, and any employee or independent contractor thereof, on the other hand; or (ii) induce or attempt to induce any actual or potential customer, supplier, independent contractor, licensee or other business relation of the Company to cease doing business with the Company, or in any way interfere with the relationship between any such customer, supplier, independent contractor, licensee or business relation, on the one hand, and the Company, on the other hand.

(c) Drake shall, if required by a subsequent employer, inform any prospective or future employer of any and all restrictions contained in this Agreement and provide such employer with a copy of such restrictions (but no other terms of this Agreement), prior to the commencement of that employment.

(d) If, at the time of enforcement of this Section 15, a court holds that the restrictions stated herein are unreasonable under the circumstances then existing, Drake, the Advisor and the Company agree that the maximum period, scope or geographical area reasonable under such circumstances shall be substituted for the stated period, scope or area so as to protect the Company to the greatest extent possible under applicable law from improper competition.

(e) In the event of any breach or violation by Drake or the Advisor of any of the restrictions contained in this Section 15, any time period specified herein shall abate during the time of any such breach or violation thereof and that portion remaining at the time of commencement of any such breach or violation shall not begin to run until such breach or violation has been cured in all respects.

16. **Miscellaneous Provisions**.

(a) THIS AGREEMENT WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE DOMESTIC LAWS OF THE STATE OF ARIZONA WITHOUT GIVING EFFECT TO ANY CHOICE OF LAW OR CONFLICTING PROVISION OR RULE (WHETHER CONNECTICUT OR ANY OTHER JURISDICTION), THAT WOULD CAUSE THE LAWS OF ANY JURISDICTION OTHER THAN THE STATE OF CONNECTICUT TO BE APPLIED. The Company, Drake and the Advisor hereby irrevocably and unconditionally submit, for themselves and their property, to the exclusive jurisdiction of any State of Arizona court or federal court in Maricopa County, Arizona and any appellate court from any thereof, in any action or proceeding arising out of or relating to this Agreement or for recognition or enforcement of any judgment, and the Company, Drake and the Advisor hereby irrevocably and unconditionally agree that all claims in respect of any such action or proceeding may be heard and determined in any such State of Arizona court or, to the extent permitted by law, in such federal court. The Company and the Advisor irrevocably waive, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court. The Company, Drake and the Advisor agree that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. The Company, Drake and the Advisor irrevocably and unconditionally waive, to the fullest extent they may legally and effectively do so, any objection that they may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Agreement in any Maricopa County, Arizona state or federal court and any appellate court of such court. Notwithstanding the foregoing, the parties intend to and hereby confer jurisdiction to enforce the covenants contained in Section 16 upon the courts of any jurisdiction within the geographical scope of such covenants. If the courts of any one or more of such jurisdictions hold such covenants wholly or partially invalid or unenforceable by reason of the breadth of such scope or otherwise, it is the intention of the parties that such determination not bar or in any way affect the Company's right to the relief provided above in the courts of any other jurisdiction within the geographical scope of such covenants, as to breaches of such covenants in such other respective jurisdictions, such covenants as they relate to each jurisdiction being, for this purpose, severable into diverse and independent covenants.

(b) It is the desire and intent of the parties hereto that the provisions of this Agreement be enforced to the fullest extent permissible under the laws and public policies applied in each jurisdiction in which enforcement is sought. Accordingly, if any particular provision of this Agreement shall be adjudicated by a court of competent jurisdiction to be invalid, prohibited or unenforceable for any reason, such provision, as to such jurisdiction, shall be ineffective, without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of this Agreement or affecting the validity or enforceability of such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be invalid, prohibited or unenforceable in such

jurisdiction, it shall, as to such jurisdiction, be so narrowly drawn, without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of such provision in any other jurisdiction.

(c) This Agreement shall be binding upon, and inure to the benefit of, the parties hereto and their respective heirs, successors and permitted assigns; provided, however, that the rights and obligations of the parties hereto are not assignable without the other party's prior written consent. Any assignment made in violation hereof shall be null and void and of no force or effect.

(d) All notices, consents, waivers or other communications given under this Agreement shall be in writing and given by overnight delivery (by a nationally recognized overnight courier service), personal delivery or by email, at the respective addresses of the parties as set forth below their signatures hereto or at the most current address as may be supplied by such party to the other pursuant to this Section. Such notices, if sent by overnight delivery, shall be deemed to have been given one day after being sent. Such notices, if delivered in person, shall be deemed to have been given upon receipt by the other party.

(e) This Agreement contains the entire understanding of the parties regarding its subject matter and supersedes all prior understandings or agreements between the parties with regard to its subject matter. This Agreement can only be modified by a subsequent written agreement executed by both parties hereto.

(f) This Agreement may be executed in counterparts, each of which will be considered an original, but all of which together will constitute the same instrument.

(g) Because Drake and the Advisor's services are unique and because Drake and the Advisor has access to Proprietary Information, the parties hereto agree that monetary damages alone would be an inadequate remedy for any breach of this Agreement. Therefore, in the event of a breach of this Agreement, the Company or its successors or assigns may, in addition to other rights and remedies existing in their favor at law or in equity, apply to any court of competent jurisdiction for specific performance and/or injunctive or other relief in order to enforce, or prevent any violations of, such provisions (without posting a bond or other security or plead or prove a lack of irreparable harm or adequate remedy at law) or require Drake or the Advisor to account for and pay over to the Company all compensation, profits, moneys, accruals, increments or other benefits derived from or received as a result of any breach of this Agreement. The rights and remedies of the Company under this Agreement are not exclusive of or limited by any other rights or remedies which they may have, whether at law, in equity, by contract or otherwise, all of which shall be cumulative (and not alternative). Without limiting the generality of the foregoing, the rights and remedies of the Company under this Agreement, and the obligations and liabilities of Drake and the Advisor under this Agreement, are in addition to their respective rights, remedies, obligations and liabilities under the law of unfair competition, under laws relating to misappropriation of trade secrets, under other laws and common law requirements and under all applicable rules and regulations. No failure on the part of any person or entity to exercise any power, right, privilege or remedy under this Agreement, and no delay on the part of any person or entity in exercising any power, right, privilege or remedy under this Agreement, shall operate as a waiver of such power, right, privilege or remedy; and no single or partial exercise of any such power, right, privilege or remedy shall preclude any other or further exercise thereof or of any other power, right, privilege or remedy. No person or entity shall be deemed to have waived any claim arising out of this Agreement, or any power, right, privilege or remedy under this Agreement, unless the waiver of such claim, power, right, privilege or remedy is expressly set forth in a written instrument duly executed and delivered on behalf of such person or entity; and any such waiver shall not be applicable or have any effect except in the specific instance in which it is given. IN NO EVENT SHALL DRAKE OR THE ADVISOR BE LIABLE TO THE COMPANY OR TO ANY OTHER PARTY FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, OR DAMAGES FOR LOST PROFITS OR LOSS OF BUSINESS, HOWEVER CAUSED AND UNDER ANY THEORY OF LIABILITY, WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHER THEORY OF LIABILITY, REGARDLESS OF WHETHER ADVISOR WAS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND NOTWITHSTANDING THE FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY. IN NO EVENT SHALL DRAKE OR THE ADVISOR'S LIABILITY ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT EXCEED THE AMOUNTS PAID BY THE COMPANY TO ADVISOR UNDER THIS AGREEMENT FOR THE ADVISORY SERVICES, DELIVERABLES OR INVENTION GIVING RISE TO SUCH LIABILITY.

(h) WAIVER OF JURY TRIAL . NO PARTY TO THIS AGREEMENT OR ANY ASSIGNEE, SUCCESSOR, HEIR OR PERSONAL REPRESENTATIVE OF A PARTY SHALL SEEK A JURY TRIAL IN ANY LAWSUIT, PROCEEDING, COUNTERCLAIM OR ANY OTHER LITIGATION PROCEDURE BASED UPON OR ARISING OUT OF THIS AGREEMENT OR ANY OF THE OTHER AGREEMENTS OR THE DEALINGS OR THE RELATIONSHIP BETWEEN THE PARTIES. NO PARTY WILL SEEK TO CONSOLIDATE ANY SUCH ACTION, IN WHICH A JURY TRIAL HAS BEEN WAIVED, WITH ANY OTHER ACTION IN WHICH A JURY TRIAL CANNOT OR HAS NOT BEEN WAIVED. THE PROVISIONS OF THIS SECTION HAVE BEEN FULLY DISCUSSED BY THE PARTIES HERETO, AND THESE PROVISIONS SHALL BE SUBJECT TO NO EXCEPTIONS. NEITHER PARTY HAS IN ANY WAY AGREED WITH OR REPRESENTED TO THE OTHER PARTY THAT THE PROVISIONS OF THIS SECTION WILL NOT BE FULLY ENFORCED IN ALL INSTANCES.
